Fundacion Rancho:

“Inversionista a kibra Patrimonio di Aruba Rancho y Schoenerhaven”

For di lunanan pasa, ciudadano- y piscadonan di area Schoenerhaven, Markthallen y Waf'i Ran-

cho ta dunando di conoce nan mal contento pa loke ta trata un desaroyo den e area cu ta causando un

molester pa nan pa loke ta trata acceso na waf, argumentando cu inversionistanan a kibra patrimonio

di Aruba.

Bon Dia Aruba a tuma contacto cu sr. Clifford Rosa, cu ta representante di Fundacion Rancho, kende a bisa cu desde basta luna caba nan ta wardando un clarificacion for di Gobierno di Aruba, ministernan concerni hunto cu APA, DOW, DIP y Kadaster, pero cu esey no a tuma luga ainda.

E area aki ta un area cu ta hopi pidi pa piscadonan por para nan boto y ta p'esey cu nan tin e exigencianan basico y cu e punto principal dicon e area aki ta importante pa e comunidad di Aruba.

Por a mira riba e potretnan cu pa via di construccion y desaroyo nobo den e area no tabata posibel pa haya acceso pa loke ta trata e area di parkeer.

Pero despues decision a cambia y nan a wordo notifica cu acceso tabata liber, mirando cu pa via di e construccion nan tabata pasa un tubo den e parkeer area bay lama riba e beach cu ta unico historico di Aruba.

Di mesun manera, Rosa a menciona cu “inversionista a kibra Patrimonio di Aruba Rancho y Schoenerhaven y ta criminalizando e acceso di pueblo pa yega Waf'i Rancho pa cumpra pisca for di e piscado”.

Como representante di Fundacion Rancho, Rosa a bisa cu e ta para di banda di e piscadonan y tambe di esunnan cu ta apoya e balor historico cultural cu e area ey tin cu nan ta purba di conserva di e manera mas original posibel cu por ta.

Conseho di Minister di Reino a aproba desviacion di Presupuesto 2020 pa Aruba

Maximo 808 miyon florin pa e aña presupuestario coriente

Caft a permiti Aruba desvia di su norma di presupuesto pa 2020 y ta limita e cantidad di inversion di capital na 40 miyon florin pa 2020.

Asina Secretario di Estado pa Asuntonan di Reino, Raymond Knops a informa Parlamento Hulandes. Den un carta pa Presidente di Staten General di Hulanda, Knops a bisa cu e reunion di Conseho di Minister di Reino a produci decisionnan riba necesidad financiero di e paisnan Hulandes den Caribe, y e espacio cu nan tin pa desvia di e normanan presupuestario pa motibo di e crisis di Covid19

E sumanan cu Aruba (pero tambe Corsou y St. Maarten) a ricibi como sosten di likides ta basa riba consehonan di e College Arubaans Financieel Toezicht. Gobierno di Hulanda a ricibi e ultimo conseho di Caft dia 4 di november ultimo. Segun Caft, e necesidad financiero di Aruba te cu fin di 2020 ta di 209 miyon florin. Aruba ta haya e suma aki mesora despues di a yega na un acuerdo durante e mesun reunion. A bay de acuerdo basa riba articulo 23 di e Landsverordening Aruba financieel toezich cu un desviacion di e saldo di finan-

ciamento cu Aruba mester a cumpli cune, incluso marama den e Protocol di 22 di November 2018.

Caft ta conseha

E espacio cu por desvia di e norma y posiblemente otro normanan di e Laft y e Protocol lo keda determina pa Conseho di Minister di Reino na un otro momento. Pero Conseho di Minister di Reino a tuma decisionnan pa duna e sosten di likides basa riba e conseho di Caft. Aruba a scoge pa cubri parti di su necesidad di likides cu prestamonan pa medio di bononan di Gobierno cu a bende den Reino y ,ta carga un interes. E decision aki di Aruba tin consecuencia pa e resto di financiamiento. Caft a conseha pa permiti cu e saldo di financiamiento di Pais Aruba por ta mes grandi na 2020 cu locual a ricibi como sosten financiero di Hulanda hunto cu e prestamonan cu a logra externamente, cu ta inclui gastonan di interes, y e prestamonan di bononan di Gobierno.

Deficit maximo di 808 miyon pa 2020

Basa riba e punto di bista aki, Conseho di Minister di Reino a dicidi pa permiti cu Aruba por yega na un defi-

cit financiero maximo di 808 miyon florin pa henter 2020. Tambe ta asina cu Aruba, den e di dos cambio di presupuesto 2020 mester inclui un splicacion extenso pa loke ta e diferencia entre e ‘kas-benadering’ y e ‘baten-lasten-benadering.’ E ‘kas-benadering’ ta un sistema caracteriza pa registracion di transaccionnan financiero riba e fecha cu ta haci pago of ta ricibi placa. E ta considera un forma relativamente simpel pa tene administracion. E ‘baten-lasten-benadering’ ta un sistema cu ta brinda un

bista mas completo di e informacion financiero, unda ta balora no solamente e fondonan pero tambe e obligacionnan a termino largo.

Inversion maximo di 40 miyon

Basa riba e splicacion aki, Caft lo por bin cu un conseho adicional pa concretisacion di e desviacion maximo permiti pa loke ta e deficit presupuestario pa 2020.

Finalmente, a dicidi pa permiti Aruba e suma maximo di 40 miyon pa inversion di

capital pa e aña presupuestario 2020. Esakinan por ta unicamente basa riba e agenda di reforma. Of por usa e fondonan pa e inversionnan pa reemplazo sumamente necesario cu ta rekeri accion urgente.

Aruba mester presenta proposicionnan pa inversionnan asina cu argumentonan adecuado y presenta esakinan pa evaluacion na Caft. Si Aruba ta dicidi pa haci inversion di capital, pues pa genera fondo su mes, e no ta trece ningun obligacion pa Hulanda inscribi pa esakinan.

Parlamentario Richard Arends di AVP:

“No tin diferencia fundamental entre loke a firma awor y loke tabat’ey na juli”

Manera a keda conoci ayera, Hulanda y Aruba a yega na un acuerdo pa dos rijkswet (ley di Reino), cu ta significa sosten di liquidez bao condicionnan fuerte pa Aruba di Hulanda.

Pa esaki, Bon Dia Aruba primeramente kier a tuma contacto cu sr. Mike Eman, lider di partido AVP pero despues a notifica redaccion cu na e momentonan aki parlamentario Richard Arends ta esun encarga di e topico aki, pa asina por haya sa kico ta nan pensamento tocante e firma di acuerdo cu a tuma lugar y kico nan partido por a haci si dado caso nan tabata esnan cu tabata na e lugar di tuma e decision ey.

Arends a sigura cu e acuerdo aki tabata cla caba for di juli pasa, e diferencianan entre loke a firma ayera y loke tabat’ey na juli caba no ta nada fundamental: “nos no sa eigenlijk si esey ta e motibo pakico nos tabatin obhecion contra e luz berde cu gobierno a haya”.

Tambe el a splica cu nan a sinti cu no tabatin un esfuerzo pa por convence Hulanda cu e base legal cu a usa no ta esun corecto; a bay negocia di biaha riba e contenido sin para keto un rato riba e forma y caminda con e ta bay hinca den otro.

Pa loke ta trata e carta di secretario di Estado Knops, na unda el a informa e acuerdo pa yega na Landpakket tambe tin otro banda; Knops ta bisa cu Aruba mester entrega dos presupuesto complementario e aña aki y cu un deficit maximo di 800 miyon florin, “esey ta algo cu tin nos atencion aworaki”, pa motibo cu algun siman atras a pasa un presupuesto supletorio cu un deficit di 1.3 biyon florin y mester bay corta den cinco siman 500 miyon florin pa yega na e cantidad di 800 miyon florin.

Tambe Arends a menciona cu ya caba secretario di estado Knops ta bisa cu 40 miyon florin cu Aruba a presupuesta pa inversion no por wordo usa pa esey, sino pa inversionnan cu ta forma parti di e paquete di reforma, “e poder constitucional di parlamento y gobierno ta wordo poni bao presion pa ahusta un presupuesto den un termino cortico y pa re-aloca fondonan cu a wordo aloca”, el a afirma.

Di esaki el a sigura cu mayoria di parlamento a dicidi cu ta bay aloca esaki pa cierto sectornan cu mester draai riba esaki: “nos a adverti esaki y p’esey mes nos ta lamenta cu el a sucede asina,” Arends a señala.

Mey ora despues cu a firma e acuerdo, segun Arends, e prome carta a sali pa parlamento pa haci algun ahuste cu dos siman pasa nan a aproba den e

presupuesto complementario.

Den caso cu partido AVP tabata esun den gobierno aworaki, Arends a trece dilanti cu nan for di luna di maart caba nan ta kere cu e asunto aki mester a wordo atendi na un manera nacional. El a sigura cu sr. Mike Eman, lider di partido, a extende un man na varios ocasion cuminsando na luna di maart caba “y esey sin sa mes kico lo tabata e condicionnan di Hulanda, just pa abarca e retonan cu e crisis aki lo a impone riba nos pais y cu bo no por hacie cu un coalicion fragil, sino di un manera amplio y nacional,” Arends a enfatisa.

Di e invitacion aki di sr Eman, Arends a manifesta, cu el a haya contesta back den un serie di insulto y hasta a tilda nan di ‘Universidad di Corupcion’, “pero dificilmente bo por logra algo nacional cu e actitud ey di parti di Gobierno”.

El a declara cu nan ta sigur cu na momento cu tin un amplio sosten di par-

lamento y cu tur ta riba e mesun linea “bo lo tabata hopi mas fuerte para na mesa di negociacion”.

Pa loke ta trata e biahe di prome minister, sin cu a anuncia esey, Arends a bisa cu e no ta haya ilogico cu el a bay Hulanda pero, e por a bisa si un par di dia prome cu e lo ta bayendo. Contrario na loke a sucede cu Corsou, prome minister di Aruba a biaha Hulanda pa firma e acuerdo y loke nan ta ripara di esaki ta e mensahe cu e accion aki ta manda.

Despues cu a firma e acuerdo, hopi comentario a bin dilanti encuanto ‘autonomia’ riba rednan social manera Facebook; pa cu esaki Arends a bisa cu e ta un palabra amplio cu no ta trata poder politico so, esey hopi biaha ta tilda parlamentario of politiconan di esey, segun Arends, pero nan como fraccion no ta defende poder politico: “no ta bay pa esey, e ta bay pa e poder nan constitucional”.

Aworaki ta bay tin un entidad cu ta

estableci bao di ley Hulandes ta bay gobierni e maneho financiero, economico, social, y enseñansa. Den nan concepto, “bo no por aplica constitucion Hulandes ni estado Hulandes sin mas na Aruba, pasobra Aruba tin su mesun recurso huridico pa establece e mesun tipo di identidad bao di ley nan local y dunando Hulanda e garantia cu e tin mester”. Algo cu nan (AVP) a ofrece como alternativa pero segun Arends e no sa si gobierno a haci esfuerzo pa convence Hulanda di esaki.

Pa loke ta trata e recuperacion di Aruba despues di impacto di Covid-19, Arends a manifesta cu esey ta depende hopi di turismo pero lo no recupera di un dia pa otro. Cantidad di turista ta aumentando pero den cifra mas abao di loke a premira y esencial ta bay ta pa bin cu un maneho economico cu di berdad por yuda empresa mediano y chikito, comerciante, doño di negoshi, etc. pa mira con por yuda e empresanan aki sobrevivi e dos of tres aña cu e situacion aki ta bay dura.

Raymond Knops y Evelyn Wever Croes contento cu acuerdo

Tarea di partido politico y gremio pa carga reforma na Aruba

“Sin e acuerdo, Gobierno di Aruba lo no tabatin e fondonan pa paga salario otro siman.” Esey ta ilustra con urgente e situacion di Aruba ta y pakico e acuerdo entre Hulanda y Aruba pa sosten di liquidez a cambio di condicionnan di reforma ta asina crucial.

Condicionnan cu ta mara Aruba na dos rijkswet, cu Gobierno di Aruba a acepta, esta e Rijkswet Aruba Financieel Toezicht y e Rijkswet Caribisch Orgaan Hervorming en Ontwikkeling, COHO.

Esaki tabata parti di e declaracionan di Secretario di Estado pa Asuntonan di Reino Raymond Knops y Prome Minister Evelyn Wever Croes despues di e reunion di Consejo di Minister di Reino ayera mainta. Raymond Knops a bisa cu Consejo di Minister di Reino a aproba e acuerdo, cu ta nifica cu Aruba lo ricibi mesora 209 miyon florin te cu fin di 2020.

Den e acuerdo aki ta realisa compromisonan pa un cooperacion di varios aña entre e dos paisnan, a base voluntario, pero mara na obligacionnan. “E negociacionnan riba e condicionnan a bay bon na inicio y tabata cla pa yega na un acuerdo despues di e reunion di Consejo di Minister di Reino di dia 10 di Juli. Aruba tabata e prome pais cu a cumpli cu e condicionnan pa e di dos tranche, loke a muestra e seriedad di Aruba.” Pero asina mes a tuma cinco luna pa yega na e momento aki, Knops a bisa ayera na Den Haag.

COHO

A cambio di reformanan na Aruba, e Gabinete Hulandes ta ofrece sosten di liquidez nobo y lo inverti tambe den varios area di desaroyo di Aruba. Hulanda lo brinda Aruba sosten den e reformanan structural cu a acorda. Ademá di sigui cu e sosten di liquidez pa cubri e deficit cu a surgi a raiz di e crisis di Corona, Hulanda lo yuda tambe cu conocemento y experticio. Pa esaki ta institui e organo Caribisch Orgaan voor Herstel en Ontwikkeling (COHO) cu hunto cu e ministerionan di Aruba y den consulta cu stakeholders, lo caba di traha riba e reformanan. E organo aki lo yuda tambe cu e implementacion. COHO

no lo asumi e autoridad di Parlamento, Gobierno y di ningun organo gubernamental; den e negociacion hiba esaki a acorda y especifica esaki enfáticamente den e acuerdo. Sin embargo, COHO por supervisa e implementacion di e reformanan structural y por mara consecuencia na cooperacion insuficiente. Y no ta asina cu un otro Gobierno lo por cambia e condicionnan. Es mas, Knops a enfatisa cu e no ta un tarea di e Gabinete actual so pa tuma e pasonan necesario pa yuda reforma Aruba. E ta tarea di Parlamento, tur partido politico y tambe gremionan, entre otro.

“Un pais cu tin mas debe cu entrada no ta un pais autonomo. E hecho cu Aruba ta depende di ayudo di Hulanda ta muestra caba cu e no ta autonomo. E organo unicamente lo drenta den accion si Gobierno of Parlamento no implementa e palabracionnan.”

209 y 38 miyon

Banda di e 209 miyon florin te cu fin di e aña aki y e sosten di emergencia pa paketenan di cuminda y gastonan medico relaciona cu Covid, Hulanda lo yuda Aruba tambe cu e refinanciamiento di mas cu mey biyon florin di debe. Esaki ta duna bentaha di interes di mas cu 80 miyon florin en comparacion cu financiamiento riba mercado financiero.

Banda di esaki te cu aña 2025, lo bin un suma total di algo mas cu 38 miyon florin disponibel pa fortalece Aruba su estado di derecho.

Etap nobo

Prome Minister Evelyn Wever-Croes a bisa “cu e acuerdo politico aki ta cuminsa un etapa nobo pa Aruba. Covid-19 tabatin un impacto hopi grandi riba Aruba, asina grandi cu sin ayudo Aruba no lo sali afo. Aruba mester di yudansa pa esaki, no solamente pa e sosten di liquidez, pero tambe pa e reformanan pa crea un fundeshi economico fuerte y resiliente cu por wanta shocknan den futuro. Aruba ta agradecido na Hulanda y ta aprecia e ayudo brinda. Hunto nos lo traha pa un economia mas fuerte, un autonomia mas fuerte pa un Aruba mas fuerte”.

Prome Minister a expresa gratitud na Prome Minister Hulandes Mark

Rutte, Minister di Finanzas di Hulanda Hoekstra y na Raymond Knops mes como tambe na e teamnan negociador. E tabatin palabra special pa e hefe di e team negociador di Aruba, Minister di Finanzas Xiomara Maduro.

“Nos ta satisfecho cu e resultado y ta anticipa continuacion di e trabao conhunto riba tereno di enseñanza, defensa y salud publico. E reformanan cu ta bay keda implementa a corto plazo lo ta riba e terenonan aki,” Wever Croes a bisa, agregando cu e landspakket ta acopla na e Masterplan di Aruba pa reforma economia di Aruba den uno diversifica y duradero. “E Hende lo ta central den ehecutacion di e Masterplan. E medio lo ta bon gobernacion y crea oportunidad pa e ciudadano ta e obhetivo.”

Plan traha pa economista

Di su banda, Secretario di estado Knops a muestra cu e acuerdo politico aki ta traha riba e reformanan structural necesario cu mester haci economia y comunidad di Aruba mas resistente di forma duradero. “E plan ta compila pa economista.” Banda di reformanan tin tambe espacio pa inversion riba e isla. Aruba mester sali mas fuerte for di e crisis aki, pasobra hende na Aruba merece un perspectiva social y economico. E acuerdo politico aki ta un paso importante den esey. Pero cu e acuerdo aki e trayecto no a finalisa. Riba un cantidad di tereno, manera reforma di pensioen pa minister- y miembronan di parlamento, riba termino cortico Aruba lo tin cu tuma pasonan ainda pa por bin na remarke pa mas parti di e sosten di liquidez. Mester ehecuta e reformanan inclui den e paquete pa pais di berdad tambe. E ora ey so prosperidad ta vislumbra na horizonte pa e ciudadanonan Arubano.”

Problema di Aruba no a cuminsa cu Covid

Na Aruba, sindicatonan a cuminsa muestra nan desaprobacion cu e reduccion di salario no ta muestra di tin un fecha final. Raymond Knops a recorda tur hende cu locual Covid a haci ta muestra cla cual ta e areanan debil di Aruba. “Entradanan mester ta den balance. E tabata cinco pa 12 pa Aruba, of hasta cinco pasa di 12. Pues, sindicatonan tambe mester tuma nan responsabilidad.”

Es mas, segun Knops a afirma ayera, pero ta awor numa e trabao real ta bay cuminsa y Gabinete Wever Croes mester busca e plataforma den Parlamento y comunidad pa implementa e cambionan necesario na interes di e ciudadano Arubano. Tur mester duna nan parti, ya cu pa logra reforma y recuperacion economico, ademá di un sociedad resiliente, tur partido politico y organisacion mester duna nan parti. “E lo requeri compromiso continuo, tanto na Aruba como na Hulanda.

“Nos a duna nos compromiso po-

litico y esey ta encera crea plataforma pa comunica, splica di con a tuma e pasonan aki, y crea confianza,” tabata e ponencia di Evelyn Wever Croes.

Aunke cu e periodo nos dilanti lo ta yena cu reto, Raymond Knops ta kere si cu e ta un oportunidad unico pa hunto traha riba un agenda, unda ta haci uso di tur opcion den e decadan-an nobo. “E palabracionnan ta brinda speranza pa Aruba y e tempo pa haya confianza di nobo.”

E sistema di tranche

Hulanda a scohe pa usa e sistema di tranche pa asina por evalua cumplimiento y con por introduci medida na un forma menos impactante. Sinembargo, Raymond Knops a enfatisa cu no por a sinta warda mas riba e reformanan. Es mas, ta plannan di Aruba mes pero cu nunca a keda ehecuta. E motibo pakico a tuma e postura di mara e sosten na condicion di e forma aki, cu e creacion di e dos rijkswetnan ta netamente pa sigura cu e biaha aki si lo tuma e reformanan na serio. “Di otro forma, lo tuma otro 10 aña pa trece cambio y no tin e tempo ey. Tanto Hulanda y Aruba ta mira e urgencia pa reformanan. E sistema aki lo ilustra con serio Aruba ta den cumpli cu e condicionnan. Mas lihe Aruba cumpli cu e condicionnan, mas lihe lo ricibi sosten adicional.”

Raymond Knops ta bisa cu e reto ta grandi y cu Aruba lo mester baha gasto publico sin sacrifica calidad. E ta un reto pa un isla chikito, pero “mi ta optimista riba e posibilidadnan pa Aruba.”

Aparato publico

No ta un secreto cu ya ta hopi decada cu ta urgi Gobierno di Aruba pa trece e gasto di aparato publico bao control. Cu e acuerdo aki, e pregunta ta si lo tin retiro. Prome Minister a bisa cu ambtenaarnan a sacrifica hopi caba cu e reduccion di salario y beneficio di 12.5 por ciento. E reduccion aki lo no cambia pa 2021, ademá cu mester traha riba e sistema di pensioen pa mandatarionan cu awor aki ta un peso riba e caha di Gobierno. “Mayoria reduccion lo bin cu e restructuracion di servicionan di Gobierno, digitalisacion, evalua cual ta e tareanan di Gobierno y cual no. Aruba tin un burocracia hopi grandi cu ta costa hopi. No por bisa cuanto ni si lo mester kita hende. Pero si mester baha gasto di personal,” Wever Croes a bisa. Y e forma con ta premira cu esaki lo sucede ta cu mas VUT, e asina yama ‘natuurlijk verloop’ (persanan cu ta bay di nan mes of ta retira despues di yega edad di pensioen, sin cu ta reemplaza nan) y keda sin renoba contrato cu individuonan. Wever Croes ta reconoce cu otro aña lo tin eleccion na Aruba, pero e ta convenci cu Gobierno lo muestra e beneficio di e condicionnan. “Nos lo haci uso di e aña pa muestra e logronan y asina crea sosten,” tabata e palabranan di Evelyn Wever Croes.

Dia di celebra...

Di ta Arubiano y Hulandes...

E firmamento di e acuerdo finalmente ta tras di lomba, awor nos tin e compromiso pa bay ehecuta. A pesar di e palabranan di tanto secretario di estado Knops como di nos Promer Ministro, nos a keda cu un sentimiento di duda. No pa loke ta e bon intencionnan di ambos banda, pero si pa e cumplimento cu mester sigui awor. Basicamente por a firma e acuerdo aki varios luna pasa caba, pero e motibo cu no a firma tur e tempo ey tabata pasobra den e partidonan cu ta apoya e gobierno di coalicion aki, tabata reina e pensamiento cu por a logra cambia varios cos den e acuerdo manera Hulanda a formula esaki na promer instante. Esey no tabata e caso, practicamente esaki ta e mesun acuerdo di tanto luna pasa. Por ta cu den e textonan cu nos no a mira ainda, esun di e dos proyectonan di ley cu por cuminsa nan trayecto di conseho formal cerca Raad van State, por tin cambio, aunke dificilmente cambio fundamental.

For di expresion di nos Promer Ministro na varios momento nos ta comprende cu a logra un mencion explicito di respet pa poder autonomo di organonan local manera gobierno y parlamento, den e ley di Reino oncerniente e organo di reforma. Si esey ta e caso ainda e ta solamente un asunto bastante relativo y den practica di implementacion esey lo keda demostra tambe: e poder di imposicion no mester di cana e caminda di usurpa poder di decision di parlamento, pero ta bin di poder di e recursonan financiero, hinca den un ley di Reino. Aki mester bisa cu Hulanda a siña un les. Nos por corda cu aña pasa un par di politico, cu awor atrobe lo mester dicidi si nan ta duna nan sosten na e proyecto aki, a kere cu nan por a masacra un supervision di Reino cu eroneamente tabata hinca den un ley local. Esey a haci cu Hulanda, despues di e experiencia negativo ey, no tabatin gana mas den un repiticion di e indole ey. Pesey a mantene e posicion cu absolutamente no ta hinca nada mas den ley local.

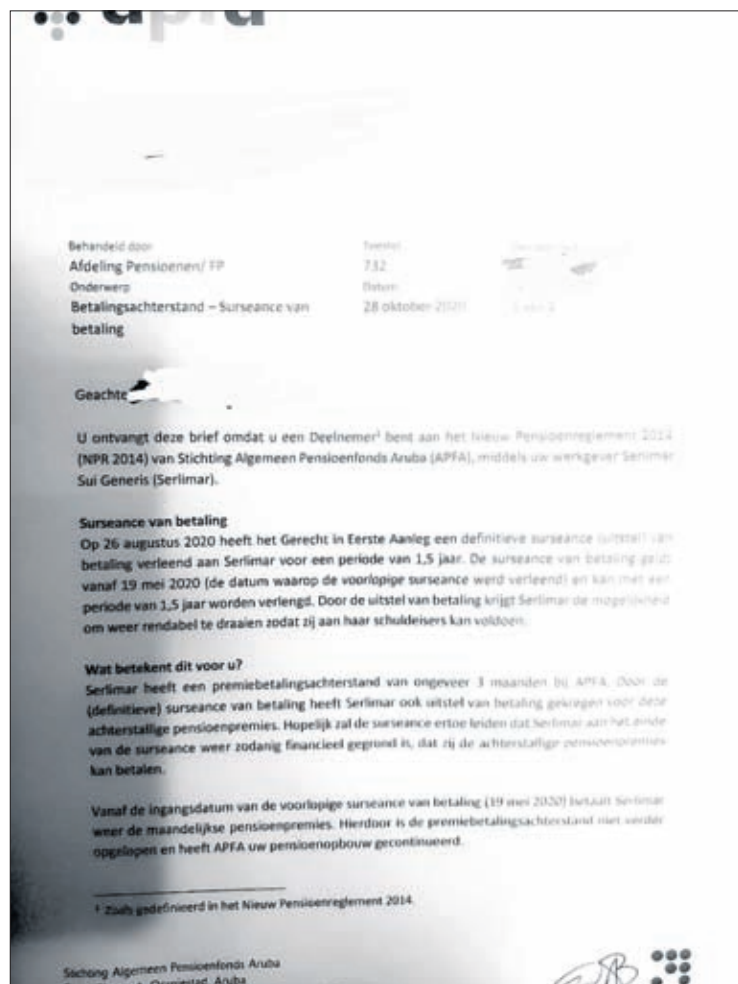

Esey ta haci tambe cu e sugerencia di banda di e partido den oposicion, cu por a hinca e organo di reforma tambe den un ley local, refiriendo aki na similitud cu e ley di supervision cu a institui na 2015, tabata un opcion cu a muri caba promer cu el a nace. E hecho cu e dos asuntonan aki ta den un ley di Reino tin como consecuencia cu nan ta fuera di alcance di cualquier politico local y ta ey nan mester ta tambe, pasobra ora nos ta papia di tanto cambio, cu ta un menaza directo pa e forma

tradicional di mancha politica na Aruba, tur cos dentro di nan poder ta core riesgo grandi di keda sabotea. Esey ta loke nos a mira den practicamente tur intento di reforma positivo den e añanan nos tras. Knops por cierto a referi textualmente na esaki den su discurso y a enfatisa cu awor si ta e idea cu mester logra. Y pa bon di Aruba mes, nos mester logra. Y pa nos logra cos no por keda pega, manera tanto biaha nos a mira caba, den pasa e leynan necesario y despues... nada. Nos tin henter un historia nos tras di introduci cosnan basicamente despues di 'mahamento' Hulandes, pero no pasobra nos tabata kere cu esey lo tabata lo corecto pa haci. No ta pornada tambe cu varios ley, manera esun di supervision riba financiamiento di partido politico y di Ombudsman, te recientemente no a ni logra pasa parlamento. Awor, no solamente nan a pasa, pero mester haya implementacion tambe, pasobra e proximo añanan nos ta bao di un supervision general. Y ya cu nos ta papiando di implementacion, mester percura pa esaki tuma lugar na e manera corecto, pa nan no bira instrumento pa continua e patronahe politico cu tin e sociedad aki venena. Nos por corda con e insistencia di Hulanda cu nos mester a pone empresanan estatal 'na distancia' di e mandatario di turno, loke berdad a sucede y tabatin como consecuencia cu e empresanan aki a bira tremendo 'parking lot' pa pone mas hende cu ta liga na e partido(nan) na mando. E desastre ey no a caba ainda, te dia di awe nepotismo y faboritismo politico den e empresanan aki ta un realidad grandi, a pesar di e anuncio di introduccion di un Corporate Governance Code, cu te awe ningun hende a haya pa mira, te pa nos mira algun efecto positivo den e nombramentonan reciente, al contrario. Hasta ultimamente nos por mira e ultimo variante di nepotismo, esey ta e invento di pone 'abogado di confianza' na cabez di emprendimento cu aparentemente no tin hende drechi mas na Aruba pa pone e cosnan aki den nan man. Cu esaki por crea balente conflicto di interes ora e abogado mester bay atende otro asunto legal pa gobierno, te awor no ta parce un consideracion di peso...

En todo caso, desde ayera Aruba tin algo di celebra, aunke di forma modera. Nos por tin un futuro mas sigur, pasobra banda di Arubano, nos ta ciudadano Hulandes, loke porfin ta traha na nos favor.

Sindicato SEPPA:

Serlimar no a paga pensioen di empleadonan

Trahadonan di Serlimar SG a tuma contacto cu nan sindicato, SEPPA, pa expresa malcontento enorme cu nan doño di trabao, cu segun nan, ta perhudica nan. Esaki pasobra nan ta pensa cu cu-alkier momento, APFA por saca nan for di fondo di pensioen, pa motibo cu no a cumpli cu pago di prima.

Ademas di esey, tabatin confusion den calculacion pa e reduccion di salario cu gobierno a introduci na luna di mei/juni, cual Serlimar sea

no a haci of no a hacie bon, sino cu despues a bay regla esaki na un forma cu a crea malcontento cerca e empleadonan.

Despues cu e empleadonan a tuma contacto cu sindicato SEPPA, esaki a dicidi di manda un carta pa prome minister Evelyn Wever Croes, apelando na dje pa percura cu e empleadonan di SERLIMAR no ta wordo perhudica den nan pensioen.

SEPPA ta bisa den e carta cu trahadonan di Serlimar SG a trece pa nan diferente asunto

cu ta tumando luga na Serlimar SG cu tin nan hopi disgusta y malcontento. Trahadonan di Serlimar SG ta informa SEPPA cu nan a ricibi un carta di e fondo di pensioen APFA, caminda APFA informa nan cu Serlimar SG ta atrasa tres luna den pago di primanan di pensioen di e trahadonan di Serlimar SG y cu Serlimar SG a haya uitstel van betaling tambe pa e tres lunanan di prima di pensioen atrasa den e surseance van betaling definitivo.

Tambe APFA ta informa e trahadonan cu desde 19 di mei 2020 Serlimar SG ta pagando mensualmente e prima di pensioen di e trahadonan di Serlimar SG na APFA, pero cu APFA lo sigui monitor e pagonan di cu e compania mes mester haci.

Si dado caso Serlimar SG no sigi cumpli cu e pagonan di e pensioen premies di e trahadonan na APFA y Serlimar

SG bolbe crea un atraso den e pago, APFA lo bay over na para e pensioen opbouw di e trahadonan di Serlimar SG y lo informa e trahadonan di Serlimar SG esaki por escrito.

E carta aki cu e trahadonan di Serlimar SG a ricibi di APFA a trece cune un disgusto grandi bou di nan y mas ainda e informacion suministra dor di APFA cu Serlimar SG ta atrasa tres luna cu e pago di prima di nan na APFA, mientras cu aña pasa gobierno y Serlimar SG a sinta hunto cu e fondo di pensioen di APFA pa regla e atraso aki di trahadonan di Serlimar SG cu Serlimar SG tawata tin cu APFA.

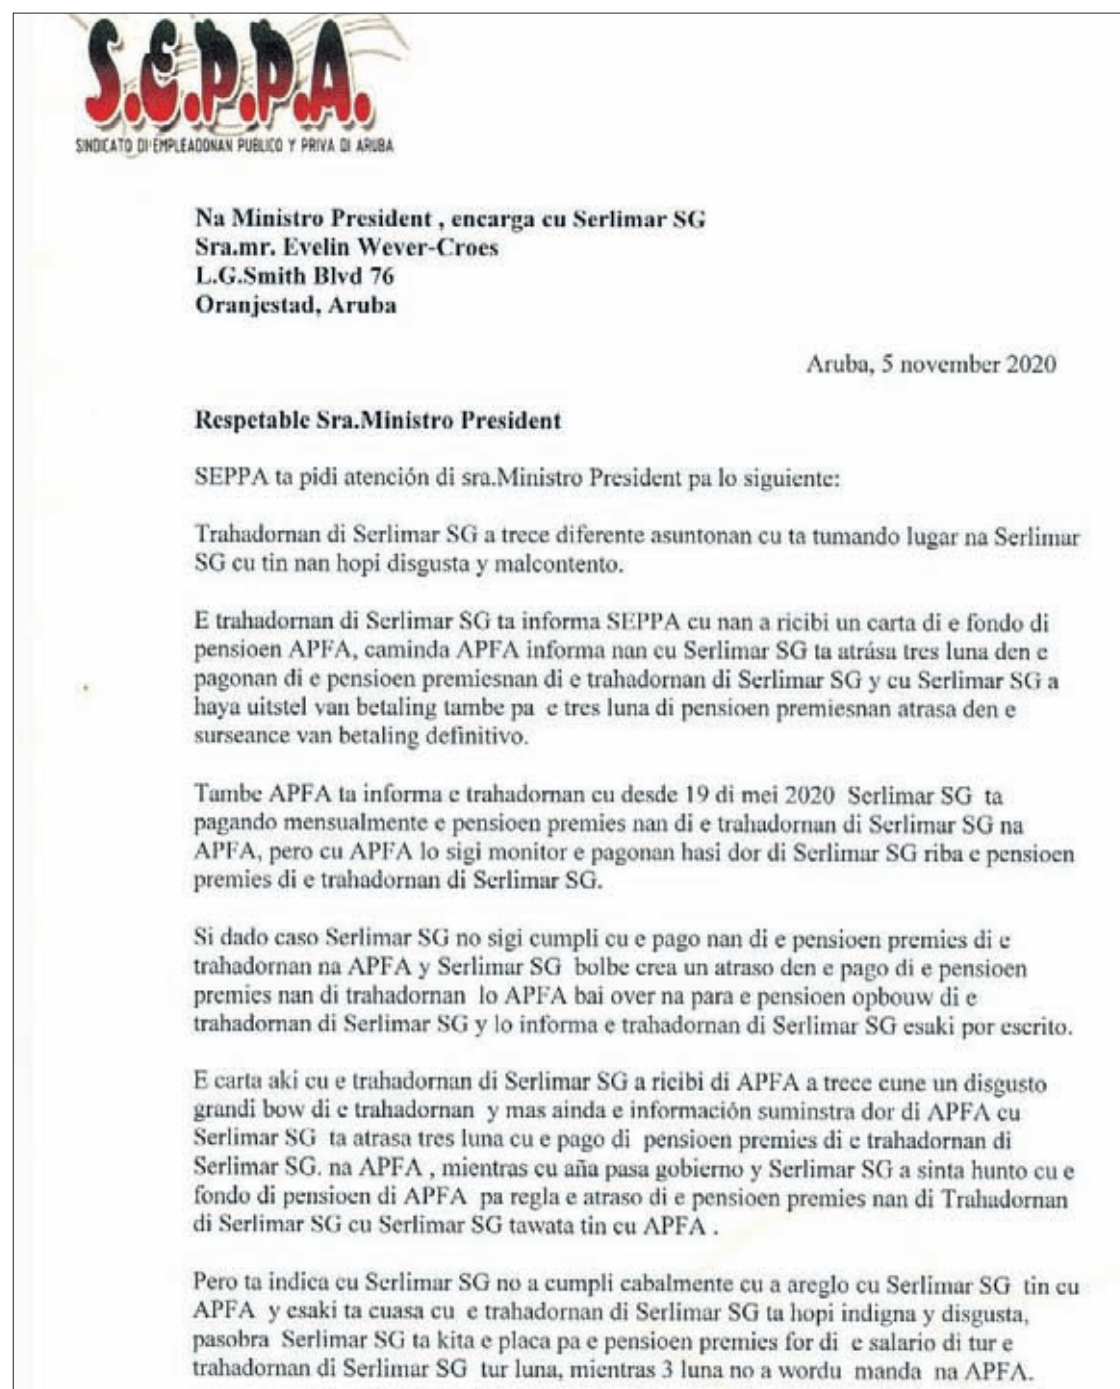

Pero ta indica cu Serlimar SG no a cumpli cabalmente cu a areglo cu Serlimar SG tin cu APFA y esaki ta causa cu e trahadonan di Serlimar SG ta hopi indigna y disgusta, pasobra Serlimar SG ta kita e placa pa e pensioen premies for di e

salario di tur trahado di Serlimar SG tur luna, mientras 3 luna no a wordo manda na APFA.

Tin un otro asunto cu ta preocupa e trahadonan di Serlimar SG, esaki ta e reduccion di salario di 5% cu a tuma luga desde de mei 2020, reduccion di 50% riba vakantie uitkering y reduccion di 50% riba e toelagen di augustus y november 2020.

E pregunta di e trahadonan di Serlimar SG ta si e compania ta manda e suma cu a wordo retene di salario di e trahadonan di Serlimar SG na e instancia concerni y si no ta asina na unda esaki a bay.

Verstappen tabata .4 seconde mas lihe cu coredo di Ferrari, Charles Leclerc, y .58 dilanti di Valtteri Bottas di Mercedes den e segundo practica. Compañero di team di Bottas, Hamilton, tabata .85 atras na di cuatro luga riba un circuito cu a tene un careda di Formula Uno pa ultimo bishita na 2011.

“Awe tabata un tiki desaster, pa ta honesto... ta manera un pista di ijs eyfo”, Hamilton a bisa, agregando cu e ta sinti

cu e organisadornan a desperdicia ‘miyones’ drechando esaki innecesariamente. “Ta duna mi miedo henter e careda”, Hamilton a bisa. “Ta casi como cu tin pidanan muha tur caminda. Pues ora bo ta acelerando, ta bay asina

lihe. Esey ta pasobra bo ta hopi, hopi abao di e bentana di temperatura di e tairanan.” Pero Bottas, kende a haci coremento di rally winter ultimo na Finland den offseason, a aprecia e reto.

“Sigur e (coremento di rally)

a yuda. Tabata leu di e estilo di core normal cu nos ta costumina na Formula Uno. Tabata dibertido, en berdad”, el a bisa. “Tabata basta extremo con e tarmac tabata.

Hamilton ta buscando pa segura su di shete titulo di F1 y empata e record di Michael Schumacher. E ta e lider di e campeonato te awo y mester gana solamente riba Bottas mañan pa gana e titulo.

E miho vuelta di Verstappen tabata 1 minuut, 28.33 seconde, alrededor di shete seconde miho cu su tempo mas lihe den e prome sesion. Pero maske e temponan a mehora mientras e tairanan a keinta den atardi, e marca lider di Verstappen tres seconde mas slow cu e pole position di Sebastian Vettel pa Red Bull

nuebe año pasa.

Verstappen tabata mas atras ainda di e track record di Juan Pablo Montoya di 1:24.77, durante e careda inaugural na 2005.

“Ainda nos ta como cinco seconde leu di unda nos mester ta riba e pista aki”, Verstappen a bisa. El a haci chansa: “Mi ta spera no ta bay yobe (diadomingo) pasobra e ora ey por ta nos lo mester spike (riba e tairanan).”

Varios coredo tabatin dificultad controlando nan auto den e segundo practica.

E careda ta tumando luga sin fanático pa motibo di e pandemia. Esaki ta e di 14 careda di e temporada y solamente tres a ser teni sin publico.

Benefician di juice di celery

(msn.com) - Juice di celery ta e ultima tendencia di bienestar, pero di su supuesto benefician manera preveni cancer y yuda perde peso, no ta respalda door di ciencia. Sin embargo, e juice di celery tin algun benefician pa salud comproba, manera reduci e inflamacion den curpa y ta contene hopi vitamina y mineralnan importante. E juice di celery tambe ta rico den electrolitos y e ta abou den sucu, loke ta convirte den un excelente alternativa pa juicenan di fruta cu contenidonan halto di sucu agrega.

E juice di celery a converti den un ultima tendencia den e bienestar di mundo y hopi ta afirma cu por preveni haya cancer, ta cura ance y ta yuda perde peso. Si ta bon, mayoria di e afirmacionnan aki ta infunda, bebe juice di celery ainda por beneficia bo salud den varios manera.

Juice di celery tin un toke nutritivo

Bebe celery den estilo di juice ta permiti bo consumi hopi mas cu berduranan y por lo tanto mayor cantidadnan di bo nutrietenan y vitamina cu ora bo come den forma di sopi, Julia Zumpano ta bisa, RD, dietista di Clinica na Claveland.

Por ehempel, un cerbes di celery, cu tin entre 12 pida, ta un total di 2 glas di juice. Aunke algun di e nutrietenan paden of riba e cuero di e celery lo wordo perdi den e proceso di primi'e, specialmente e fibra cu e tin.

Si ta bon, un juice di celery no lo satisface bo necesidatnan diario di vitamina y mineralnan, e ta un bon manera di obtene algun nutrietenan esencial. Zumpano ta recomenda pa primi full e pida di e celery y e blachinan pa maximo e nutrietenan.

Juice di celery tin propiedadnan antioxidante y antiinflamatorio

Un revision di 2017 a conclui cu e compuestonan di celery manera e acido cafeina, e apigenina y e luteolina ta actua manera antioxidantenan poderoso cu efectonan curativo.

E antioxidantenan ta preveni stress oxidativo, un condicion cu ta pasa ora tin demasiado radicalnan liber den e curpa. E radicalnan liber ta proveni di fuentenan externo manera e contaminacion y tambe di procesonan corporal natural, manera e digestion. Demasiado radicalnan liber ta provoca inflamacion cronico, cu por daña celulan y organonan sano y tambe por aumenta e riesgo di enfermedadnan manera atakenan cardiaco, cancer, artritis y diabetes.

Otro revision di 2008 a haya cu e luteolina den e celery por yuda retrasa e desaroyo di celulan canceroso debi na su propiedadnan antiinflamatorias. E ta importante pa tene na cuenta cu e estudio aki a wordo realisa den e

celula di laboratorio y por lo tanto e ta posibel cu e resultadonan no ta of por wordo aplica na hende humano.

Ademas un estudio di 2007 den ratonan a wordo haya cu 2mg pa dia di luteolina a reduci e crecimiento den un 60%. Sin embargo, e investigacion tocante e efectonan antiinflamatorio di e celery den hende humano ainda ta limita, Epstein ta bisa y e juice di celery no mester wordo considera manera un cura viabel pa enfermedadnan cronicanan manera cancer.

Declaracionnan di propiedadnan saludabel falso tocante e juice di celery

E juice di celery tin hopi benefician pa salud, pero e a un juice di santo, Epstein ta bisa. Al contrario di loke bo por lesa riba internet, e juice di celery no ta evita bo di haya cancer y tampoco ta cura problemanan di acne.

E juice di celery tampoco ta un metodo magico di "desintoxicacion". Den realidad, nos curpa tin un organo incorporado cu ta elimina e toxina : e higra. Den luga di depende solamente den juice di celery pa haci bo curpa limpi di toxina, Zumpano ta bisa cu ta miho come un dieta saludabel cu hopi frutanna, berdura y granonan integral pa promove e funcion hepatico y pa tene un salud optimo.

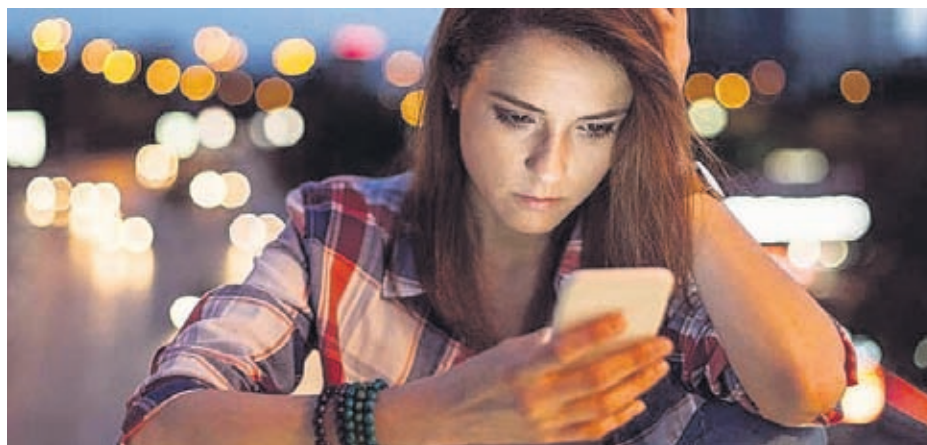

Pakico rednan social por laga bo sinti malo di bo curpa

(msn.com) - Rednan social por afecta negativamente e imagen corporal pasobra e usuaronan ta muestra di ta exponi cu tipo di curpanan delega, den forma di wordo "ideal" y na diariamente, nan ta compara nan mes cu companeronan of celebridadnan.

De hecho, investigacionnan a descubri cu mas tempo bo pasa riba rednan social, mas probabel bo lo sigui sinti pio di bo mes y cu bo curpa. Sin embargo, rednan social tambe por yuda cu bo imagen corporal si bo ta uz'e den un manera inteligente, solamente sigura bo mes di sigui cuentanan/usuaronan positivo pa bo curpa y tuma break di rutinanan di rednan social.

Con rednan social por afecta bo negativamente bo imagen corporal E imagen corporal ta wordo referi na bo perspectiba di e apariencia di bo curpa y con bo ta compara bo mes cu e standardnan di rednan social. Un imagen corporal negativo por genera expectativanan poco realistico di con bo curpa mester muestra y por reduci e comportamiento poco saludabel, manera trastorno alimentario.

Un estudio chikito na 2018 a haya un correlacion entre e tempo dedica riba rednan social, e imagen corporal negativo y e trastorno alimentario. Esaki tabata specialmente berdad si e participantenan a desplasa door di contenidonan relaciona cu e apariencia, manera e usuario di un coach of modelo di fitness riba Instagram.

Debi na cu e rednan social ta yen di hende nan cu ta muestra semper lo miho di nan manera, e por ta dificil evita imagennan y mensahenan cu por laga bo sinti malo cu bo mes, esaki ta dicen :

Comparacionnan constante

Un di e formanan cu rednan social por daña bo imagen corporal ta exponiendo bo mes na imagennan di tipo corporal "ideal", loke ta haci cu bo ta compara bo mes cu otro.

"E personanan ta termina creando idealnan poco realistico pa su mes basa na kico nan ta mira y ta sinti nan mes angustia ora no por cumpli e ideanan of expectativanan personal" Neha Chaudhary ta bisa, MD, Psiquiatra di mucha y adolescentenan di e Hospital General di Massachusetts y Harvard scol di medicina.

Un estudio di 2015 a haya cu e studiantenan universitario cu ta identifica mas manera hende muhenan y tabata

pasa mas tempo riba Facebook tabata tin un imagen corporal mas pover. E investigadonan a conclui cu "e hende muhenan jong cu ta pasa mas tempo riba Facebook por sinti mas preocupa di nan curpa pasobra nan ta compara nan apariencia cu e otro hendenan (specialmente cu nan amiga).

Photoshop y efectonan di edita e imagen

Photoshop y efectonan cu ta altera of edita imagennan tambe por contribui na un imagen corporal negativo, Jill M. Emanuele ta bisa. PhD, directora senior di Mood Disorders Center di Child Mind Institute, un organizacion nacional sin fin di lucro cu ta apoya famianan cu trastornonan di aprendisaje y salud mental.

"Photoshop y e efectonan ta presenta e personanan y e cosnan di miho manera, "Emanuele ta bisa." e ta crea un mundo di fantasia distorciona y ta eleva e mega lista di loke hende ta percibi manera "e miho" forma di

nan mes".

Di tur e fotonan cu bo ta wak riba bo feeds di rednan social, e ta hopi probabel cu e mayoria a wordo ya caba edita. Segun un encuentro di Harris di 2017, casi twee derde di e Mericanonan ta edita nan potretnan prome cu nan public'e

Con pa uza rednan social den manera positivo

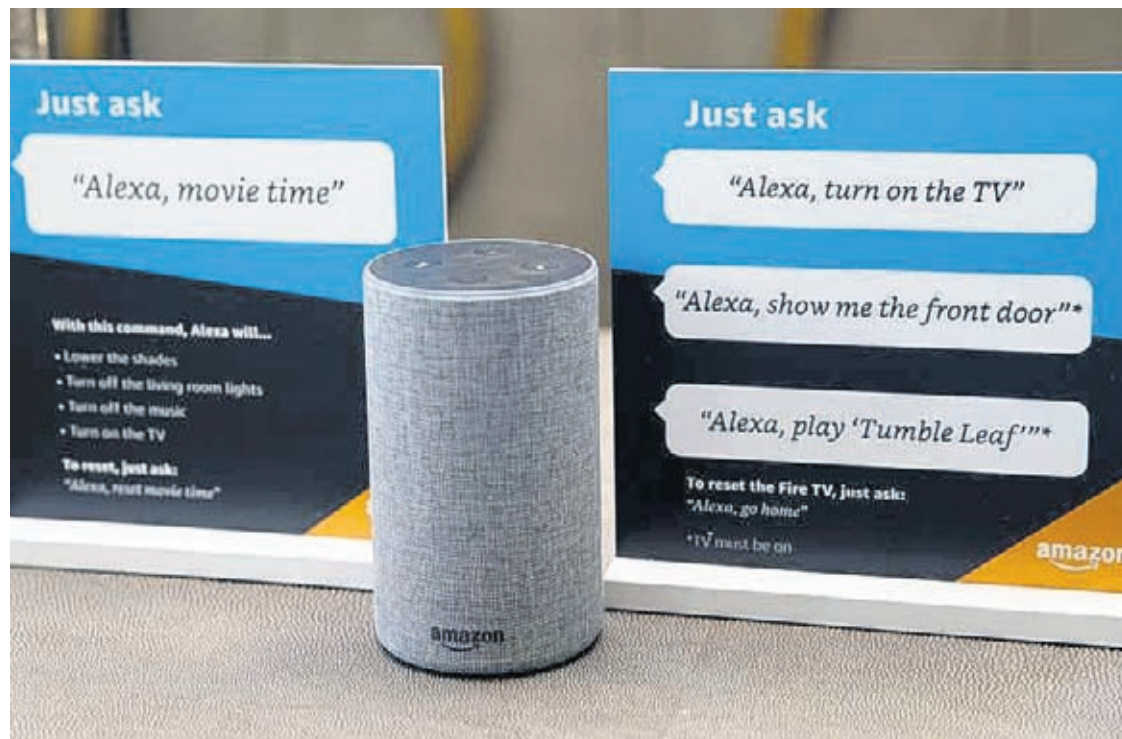

Rednan social por afecta negativamente e imagen corporal, estado di animo y salud mental en general, pero tin formanan di kita esaki.

Tuma un descanso: si bo ta haya cu bo ta sinti pio despues di desplasa bo mes, retrocede un paso y wak con bo ta sinti despues cu bo a desconecta bo mes. Si bo ta sinti miho, no mester sinti berguensa di laga telefon pa un tempo ya sea oranan dianan of simanan.

Stop di sigui cuentanan cu no ta laga bo sinti bon : presta atencion na cua usuaronan, personanan of imagennan ta anima bo. "Mi ta bisa mi parentnan cu un di e cambionan mas importante cu nan por haci ta cuminsa reemplasa e contenido cu ta haci bo sinti pio pa contenido cu ta laga bo sinti miho ora bo consumi'e" Chaudhary ta bisa.

Busca un comunidad : sigui relatonan positivo pa bo curpa y uni bo mes na gruponan di apoyo cu bo yuda bo cambia bo forma di pensa tocante e tiponan di curpa "ideal".

Amazon ta cambia algun asistente di vpz, computacion di reconocimiento facial na su propio chipnan

(Reuters.com) - Amazon.com Inc a bisa riba diahuebs cu a cambia parti di e computacion di su asistente di bos Alexa na su propio chipnan diseña a medida, cu e obhetivo di haci e trabou mas lihe y mas barata mientras ta aleha di chipnan di Nvidia Corp.

Ora e usuarionan di disposi-

tivo manera Echo online di speaker inteligentenan di Amazon haci e un pregunta na e asistente di bos, e consulta ta wordo manda door di e centronan di datonan di Amazon pa varios pasonan di procesamiento. Ora e computernan di Amazon ta scupi un contesta, e contesta ta den un formato di texto cu mes-ter wordo traduci na un habla audibel pa e asistene di bos.

Amazon anteriormente tabata maneha e computacion uzando chipnan di Nvidia, pero awo e mayoria, lo ocuri di uza nan propio chip di computacion. Anuncia pa prome biaha na 2018, e chip di Amazon ta diseña na medida pa acelera volumennan grandi di tareanan di aprendisaje automatico, manera traduccion di texto via bos of reconoce imagennan.

Clientenan di computacion den Amazon Cloud, Microsoft Corp y Google di Alphabet Inc a converti den algun di e cumpradonan mayor di chipnan di computacion, impulsando e bentanan di centro di datonan den Intel Corp, Nvidia y otro nan. Pero e empresanan principal di tecnologia ta bandonando cada biaha mas na e proveedonan di silicio tradicional nan pa di diseña su propio chipnan. Apple a presenta diamars su prome computernan Mac cu nan mesun procesadonan central, alehando su mes di e chipnan Intel. Amazon a bisa cu e cambio di chip tabata inferti pa algun di e trabounan di Alexa a duna manera resultado un latencia di un 25% biaha miho, cual

ta un medida di velocidad, na un costo di 30% menor.

Amazon tambe a bisa cu "Rekognition", su servicio di reconocimiento facial basa door di Cloud, a cuminsa adapta su propio chipnan Inferentia. Sin embargo, e compania a bisa cua chipnan el a utiliza anteriormente den e servicio di reconocimiento facial of cuanto di e trabou a wordo traspasa na su propio chipnan.

E servicio tabata obheto di es- crutinio pa parti di gruponan di derechonan civil debi na su uzo pa parti di e forsanan di orden. Na Juni, Amazon a impone un moratoria di un aña na su uzo door di polis despues di e asesinato di George Floyd.

Despues di tur cos, NASA lo kier manda bacterianan na Luna y Mars

(msn.com) - E investigacion di e stacion espacial Internacional ta revela e beneficienan di utiliza bacterianan pa extrae mineralnan di e material cu ta wordo haya den e luna y Mart. Un bacteria specifico ta capaz di extrae elementonan di teranan straño di e piedra volcanico den multiple condicionnan di gravedad. Nada historicamente a evita contamina su mision cu bacterianan, pero

ta resulta cu nan por ta util.

NASA semper a haci tur lo posibel pa garantisa cu su misionnan ta lo mas steriel posibel.

Manda bacterianan di e planeta pa espacio ta un mal idea door di varios rason nan, pero un investigacion nobo ta surgi cu cierto bacterianan por ta util. E investigacion, cu a wordo publica na Nature Communications, ta revela cu e bacterianan tereste lo

por yuda extrae mineralnan di e material cu ta cubri e superficie di e luna y Mart. E investigacion, cu ta basa den experimentonan realiza den e stacion espacial internacional, revela cu un bacteria specifico yama Sphingomonas desiccabilis ta particularmente bon pa extrae elementonan di teranan straño di basal, un tipo di piedra volcanico cu a wordo utiliza manera analogo di loke por a wordo haya den e luna y Mart.

E bacterianan por a saca nan triki chikito den e gravedad, microogavedad y gravedad standard di tera cu ta imita esun di Mart. Esey ta un noticia importante pa e investigadonan y lo por indica un asociacion entre hende humanonan u bacterianan durante exploracionnan den futuro di espacio.

Por lo general, NASA y otro agencianan special ta haci tur lo posibel pa evita cu e bacterianan yega den espacio. E idea ta cu nos no kier planta accidentalmente otro mundo cu bida, ya cu esaki lo por causa problemanan mas ad-

elante. Si finalmente nos a manda misionnan tripula of mas avansa na un lugamane- ra Mart y despues nos a descubri bacterianan eyan, nos por confundi e bacterianan tereste cu nos mes a trece cu bida Mericano genuino. E lo por ta un confusion bastante bergonsoso y e ta algo cu e científiconan lo kier evita. Sin embargo, e bacterianan ta capaz di haci cosnan bastante increibel y ya nos a wak un discusion tocante e uzo di bacterianan manera fuente di alimento den e produccion di alimentonan pa misionnan den futuro di larga distancia na luganan manera Mart. Awo, ta parce cu e bacterianan tambe por yuda probecha

e maximo e material cu nos a haya den e planetanan ey.

"Nos experimentonan ta sostiene e viabilidad cientifico y tecnico di e minería elemental mehora biologicamente den tur e sistema solar" Charles Cockell a bisa, autor principal di a trabou, riba un comunicado. "Por chempel, nos resultadonan ta surgi cu e construccion di minanan robotico y controla door di hende humano den e region di e Luna Oceanus Procellarum, cu tin piedranan cu concentracionnan rico den elementonan di teranan straño, lo por a un direccion fructifero di desaroyo científico y economico di humanidad mas aya di e planeta"

E misionnan Artemisa di NASA na e luna ta proxima breve y cu e misionnan tripula inclui den e programa ey, e hende humano mester hopi tempo pa hunga cu e material cu ta cubri e superficie di e luna. Den e punto ey, ta siña hopi mas tocante con e bacterianan por habri e caminda na un existencia sostenibel den espacio.

(infobae) – Kim Kardashian por ta scondiendo e berdad tocante su difícil matrimonio cu rapper Kanye West, cu ken el a casa na 2014. “Tin hopi dolor den su curason”, un persona cercano na Kardashian a bisa US Weekly.

Riba superficie, ta parce cu Kim Kardashian West tin un bida perfecto. Pero tras di cortina, e ta sufriendo den priva pa e estado di su matrimonio cu Kanye West, di 43 aña. “El a atravesar un fierno den ultimo lunanan”, segun e fuente, refiriendo na e actonan ‘errático’ di e musico, kende a crea sensacion den titularnan, entre otro, pa su inconsecuente candidatura presidencial na Merca.

E pareha tin cuatro yiu: North (7), Saint (4), Chicago (2) y Psalm di 18 luna.

E fuentenan ta bisa cu awo Kardashian ta cansa di haya su mes obliga di biba un mentira, y e sa cu e mester tuma un decision tocante su futuro cu Kanye. “Emocionnan di Kanye semper ta subi baha, Kim sa cu ta pa su problemanan cu salud mental, pues e ta keda.” Segun e fuente, Kim ya a reuni cu abogadoan pa sigura cu su asuntonan ta

den orden si e dicidi pidi divorcio.

Manera cosnan ta, e pareha ta den un limbo den nan relacion. Kardashian, ken tin un fortuna calcula na mil miyon dollar, a purba sconde su problemanan exhibiendo su estilo di bida opulento riba rednan social. Diabierna 13 di november 2020 lo ta e mega black friday pa aruba unda su autonomia ta wordo entrega na baratio

Riba diabierna 10 di juli Ministro President a bay bela yen Hulanda pa atende Consejo di Minister di Reino cu Aruba no por acepta ni e landenpakket ni e 2 rijks wetten, pasobra esaki e.o. lo ta mina e autonomia di nos pais. A yega na un entendimiento cu e consejo, cu Aruba mester mas tempo pa asina haya e "draagvlak" necesario.

Pues MP supuestamente lo a busca "draagvlak" pa condicionnan indecente cu Hulanda a mara na un posibel fianza. Ta conoci cu pa basta tempo caba Hulanda a tuma un postura intransigente den su negociacion cu gobierno y a laga sa explicitamente cu no lo tolera ningun tipo di retraso den implementacion di medidanan. E exigencianan Hulandes tabata conoci for di prome cu e pandemia a asota mundo. Hulanda a hasta menasa cu un "aanwijzing" si Aruba no cumpli cu e exigencianan Hulandes. MP pues tabata bon na altura,

pero como subrina di Betico Croes dfm, su persona mester a busca un forma pa por a "bende" entrega di nos Status Aparte cerca nos pueblo y alabes gana tempo pa keda cumpli cu sponsors y amigonan di partido, prome cu accede na e condicionnan indecente Hulandes.

E postura intransigente Hulandes ta lamentabel, pero UPP por compronde pakico e relacion entre Hulanda y Aruba a yega na un "dieptepunt". E falta di e incumplimento di palabracionnan haci for di 2014 bin ariba a causa cu NO TIN CONFIANSA den e gobierno di Aruba y esunnan responsabel pa esaki ta e gobiernonan di AVPOR y POREDmep. Den tres aña e gobierno dirigi pa MP no a introduci e reformanan cu lo mester a percura pa un "duurzame en gezonde overheidsfinanciën", es mas no a cumpli cu e supuesto "plan di gobernacion" cu a wordo presenta cu masha fanfaria na comienso di e gobernacion.

UPP desde e prome momento cu nos a tuma nota di e condicionnan indecente y absurdo di Hulanda, nos a manda laga nos bos resona y manda cartanan pa e instancianan involvi den henter e asunto aki.

Varios partidonan politico a muestra nan disgusto y den Parlamento hasta un mayoria grandi a vota contra e acuerdo aki. Pero esaki no a dura largo, ya cu e MP di Aruba no a tene cuenta cu e mocion y a sigui "negosha" cu Hulanda. Y aki un biaha mas UPP a declara cu esaki ta un acto contra e bienestar di e pueblo Arubiano y contra e derecho sagrado di e pueblo, esta e derecho inalienabel di autodeterminacion! Un derecho ancla den articulo 73 di e Carta Magna y varios otro resolucionnan di Nacionnan Uni.

Den principio di luna di november 2020 e "spindoctors" di e gobierno POREDmep a cuminsa cu un campaña pa hustifica entrega di nos autonomia. A cuminsa papia

di un negociacion pisa unda a logra un acuerdo pa FI-ANSA Hulandes mientras ta mantene autonomia di nos pais. Sinembargo ora cu nos a pasa riba e documentonan cu nos a ricibi, pa nos sorpresa grandi nos mester yega na e conclusion cu aparte di a cambia algun palabra y komma y "hoofdletters" ningun cambio "INHOUDLIJK" a ser logra.

Mescos cu den e prome version di e condicionnan Hulandes, un ENTIDAD Hulandes lo bay goberna Aruba pa por lo menos 6 aña. E ta un "body" Hulandes, mescos cu antes West Indische Compagnie (W.I.C.), cu lo bay tuma e decisionnan cu NAN ta husga ta bon pa Aruba. Aruba mag di opina pero ta wordo spera di Aruba pa bay di acuerdo cu tur loke e COHO (hopi CHE) aki propone SINO no ta haya e siguiente tranche!! Pues a Parlamento y Gobierno tin un solo escho: "TEKEN BIJ HET KRUISJE"! E "tiegernan" di papel di MEP

den e Parlamento "NOBO y OTRO" a guli manda abou y a bay di acuerdo cu esaki.

A yega tempo pa nos pueblo coy e bandera, manera proponi den pasado pa Betico Croes dfm y rechasa e acuerdo "TRAICIONERO Y STRANGULANTE" cu ta muestra cu lo bay wordo firma riba e BLACK FRIDAY 13 di november 2020. Nos pueblo mester exige respet pa nos Status Aparte, pero alabes exige un gobierno drechi cu tin interes general na pecho y ta sali berdaderamente na vanguardia di interes di e SER HUMANO. Manera ta ser bisa riba caya: ni berde ni geel!

UPP tin un programa ambicioso pero realistico. Pues ban siña biba cu e "traicion" aki, pero ban hunto haciele di corto duracion, hala dos stap atras y core cu esunnan cu a percura pa awe no tin confiansa. Manera Churchill a bisa: "NEVER WASTE A GOOD CRISIS"!

Parlamentario ENDY CROES ta splica cu pa basta tempo ta tuma nota den comunidad di basta discusionnan innecesario. Primordialmente riba rednan social y na radio nan emisora un grupo contra otro ta manifestando diferente preocupacionnan contra otro.

Aruba a wordo a bati hopi fuerte door di Covid 19: Covid 19 a afecta henter mundo pero Aruba por ehempel cual su economia ta draai rond 80% rond di turismo a wordo a bati y afecta formalmente. Den Rapport di Standard & Poors Aruba a sali e number 1 den 122 pais di esunnan cu su economia a wordo mas hopi afecta.

Parlamentario Endy Croes (MEP):

"Aruba mester di tranquilidad"

Aruba mester di sosten di tur su hendenan pa hunto nos traspasa e episodio aki

Esaki ta indica e magnitud di e daño cual ningun pero ningun experto rond mundo por a mira ta bin of a antipa riba dje. Gobierno den un estilo di emergencia mester a nabega e "barco" Aruba den lamanan bruto pa tene naniishi riba awa den temponan sumamente dificil.

Cu positivismo y contribucion di tur hende nos lo sali:

Siguiendo e desaroyo hopi o di cerca mi mester a cuenta cu no ta un tarea facil. Palabra di gratitud na tur esunnan cu dia y nochi ta elabora cu tur e risiconan cu nan mes ta core cu e simpel rason esta pa yuda nan pueblo sali di esaki. Na e

momentonan aki ta di suma importancia pa e comprension humano y aporte positivo di cada conciudadano briya mei mei den e crisis aki. E no ta algo facil y nos no a sali afo ainda. Nos mester percura hunto pa cuida Bo mes y cuida otro respetando e protocolnan estableci pa asina evita un di tercer "wave". Asina nos economia ta haya oportunidad di sigui crece te alcanza of hasta supera cifranan di 2019.

Parlamentario Endy Croes ta tuma hendenan cu NO ta politico cu hopi odio den nan curpa y esaki lo no aporta na Bo pais. Respeta democracia y resultado di eleccion. Den

aña 2021 lo tin un proximo eleccion y pueblo lo sa di balora trabounan fuerte di por ehempel nos Prome Minister cu no tabata tini e nada facil.

Asina lo sa di balora traves di Bo voto esunnan cu Bo ta sinti cu lo por nabega e pais aki mei mei di temponan hopi dificil. Ta haci yamada na pueblo pa laga politica pa politiconan pero como ciudadano ban tur yuda otro. Si bo bisina falta algo saca un man pe y asina tur contribui cu otro pa hunto nos pasa e episodio di covid 19 aki. Mi ta positivo y hopi sigur cu pronto e solo lo briya atrobe pa cada un di nos riba e pais aki.

Cu peticion special na DOW pa bin cu solucion pa e situacion di caminda y luga di parkeo pa dos scol na Noord

Diaranson ultimo Parlamentario Tromp-Lee a acerca DOW pa un solucion pa e situacion di caminda y luga di parkeo di dos scol na Noord. Tromp-Lee ta indica cu como parlamentario e a keda acerca pa diferente mayor y docente pa intermedia pa yega na un solucion pa e siguiente caminda y luga di parkeo:

Caminda y luga di parkeo dilanti Scol di Hunga Chikitin Bin Bin cu ta keda pariba di MFA Noord. Tromp-Lee ta indica cu e problema di e caminda specifico aki tabata conoci pa su persona caba. Su yiu homber ta train baseball pariba di e scol y su yiunan a y ta bishita Scol di Hunga Chikitin Bin Bin.

Den pasado e la yega di trata e situacion aki caba cu DOW,

cu ex-Prome Minister Sr. Eman, cu ex-minister Oduber pero lastimamente te dia di awe no a yega na un solucion concreto y duradero.

Awor cu awa ta yobe hopi e situacion ta hopi malo y e caminda practicamente no por keda uza y e entrada di scol ta dificilmente accesibel. E situacion aki a keda crea door di e construccion di e luga di parkeo di MFA Noord y Gobierno e tempo ey no a percura pa soluciona e problema crea. E problema aki ta uno structural y cu tur aña ta keda presenta den temporada di yobida.

E otro situacion ta dilanti Felipe B. Tromp y Agnes Kleuterschool. Mesun problema cu buraco y awa. No por para pa baha mucha trankil y accesibilidad ta bira fastioso. Sin papia mes di e impacto

cu e situacion tin riba e trafico ora tin cu trece y busca e muchanan na of for di scol.

Pa cumpli cu e peticionnan haci na su persona, Parlamentario Tromp-Lee a dicidi pa haci un apelacion na DOW pa por bin cu un solucion a corto plaso pa e scolnan aki. E ta en espera riba un feedback di DOW pa cu su peticion.

Parlamentario Shailiny Tromp-Lee (MEP):

A urgi Gobierno pa trece claridad pa e grupo di zweminstructeurs y alabes pa agilisa e proceso encuanto nan rechtspositie

Dia 7 di october 2020, riba peticion, Parlamentario Tromp-Lee a reuni cu 2 representante di e grupo di zweminstructeurs di natacion escolar. Nan a acerca su persona pa por plantia nan preocupacion y alabes duna splicacion di e situacion cu nan ta aden actualmente. Segun informacion ricibi e dia ey ta trata di un grupo di alrededor di 20 trahado cu desde 2 di september 2020 ta bibando den inseguridad y pa es motibo aki a acerca Parlamentario Tromp-Lee pa yuda nan haya claridad y transparencia.

Durante e reunion diferente punto a keda trata e.o.: nan rechtspositie, programa di natacion escolar actual y su resultado, posibel programa nobo cu te ainda nan no a ricibi y tampoco a keda consulta y posibel consecuencia pa cu nan salario.

Pregunta na Minister Lampe

A base di e peticion haci na su persona, Parlamentario Tromp-Lee a dirigi dia 9 di october 2020 19 pregunta por escrito na Minister Lampe caminda a pidi'e pa un contestacion dentro di dos siman. Mirando cu e no a ricibi esaki den dos siman, dia 28 di october 2020 a manda e minister un recordatorio pa cu contestacion di e preguntanan.

Dia 2 di November 2020 Parlamentario Tromp-Lee a ricibi e contestacion riba su preguntanan. Mirando cu a ricibi esakinan mientras e tabata den tratamiento di Presupuesto Supletorio e la dicidi di pidi atencion un biaha mas pa e situacion specifico di e grupo aki. Minister Lampe a indica cu ningun hende lo perde nan trabou y cu mas bien su plan nobo lo crea mas cuponan di trabou.

Mirando cu por escrito Tromp-Lee a keda informa cu e plan nobo aki ainda no ta cla, e la cuestiona dicon ta haci cambianan memey di un aña escolar y alabes mirando cu ya caba nos ta den November e ta haya mas cu logico cu e trahadonan kier haya claridad y transparencia pa loke ta trata nan trabou y salario entrante 1 di januari 2021. Esaki ta e fecha riba cual Minister Lampe a anuncia cu e cambionan lo tuma luga.

Alabes Tromp-Lee a enfatisa cu no obstante e echo cu Minister Lampe ta bisa cu Natacion Escolar ta un Proyecto mester subraya e echo cu e ta un Proyecto andando ya pa mas cu 27 aña y mas cu claro esaki ta trece cun'e cu e trahadonan durante añanan a adkiri derechonan y cu uni lateralmente no por haci cambio na esakinan.

Mester tin trankilidad

Tromp-Lee ta indica alabes cu si en berdad kier aplica e cambio den programa riba asina un corto plaso, e ta haya na su luga cu e plan nobo aki mester ta cla y comunica na tur stakeholder.

Den tempo di COVID aki nos tur, pero sigur Gobierno, mester por percura pa mantene paz laboral y preveni cu nos trahadonan ta den un intrankilidad y situacion di stress innecesariamente.

Tromp-Lee ta haya tambe sumamente importante pa involucra e grupo den e realisacion di e plan nobo mirando cu nan tin e experiencia den practica y ta esunnan cu mester bay ehecuta e plan nobo cu ainda no a keda presenta na nan.

Rechtspositie

Otro aspecto cu Tromp-Lee a pidi atencion pe durante tratamento di presupuesto

supletorio ta nan rechtspositie. Un punto cu ya pa añanan a bin ta lucha pe. Parlamentario Tromp-Lee a haci un peticion special na Minister President pa agilisa e proceso na DRH pa loke ta trata consehonan pendiente cu Minister Lampe a manda pidi.

Den su contestacion por escrito na Tromp-Lee e la indica cu e ta en espera riba consejo di DRH. Ta trata e.o. e situacion cu mayoria di e grupo aki desde 2009 no a bin ta haya un contrato tur aña y alabes e situacion cu mayoria di nan tin 20 aña of mas ta traha na e Proyecto y te ainda no por a haya un vastedienst.

Tromp-Lee a finalisa bisando cu e ta spera cu en berdad Gobierno percura pronto pa e claridad y transparencia necesario pa cu e grupo specifico aki.

No keda pega den bo pasado

Aunke con scur e enemigo por pinta bo caminda Dios tin un salida, kico cu bo por a haci den bo bida, no ta obliga bo di keda semper mara y semper keda cana den berguensa, pasobra e palabra di Dios ta duna salida, aunke hende por culpa bo, Dios den su gran Amor por ta liber.

No keda pega den bo pasado, nos tur a peca, nos tur a faya, no tin ningun hende bon aki na mundo solamente Dios. Un Divorcio, Preso, Aborto, Adulterio, y kico mas cu bo por a haci, no ta un motibo, pa bo biba bao di sombra di hende, cu bo no ta sali cas, bo ta sconde pa famia, bo ta evita di papia cu cierto hende, pasobra den bo pensamiento nan ta miho cu bo, Mi kier bisa bo den un palabra, cu bo pensamiento cu bo ta menos, door cu den bo bida, bo a yega di haci un fout, ta limita bo mes di crece.

Ta p'esey Hesus ta ofrece un oportunidad unico cual hende no por ofrece, ningun instancia, no por ofrece, ningun gobierno na mundo no por ofrece. Ta para skirbi den 2 Corintio Capitulo 5 vers 17, P'esey si un hende ta den Cristo ta un criatura nobo e ta, tur cos bieu a pasa, ata tur cos a bira nobo. No tin dokter na mundo cu por ofrece un algo igual, pasobra esaki no ta un terapia pero un bida nobo, cu solamente e Creador por ofrece. Dios kier demostra cu tin poder riba diabel, cu tur locual e enemigo a dañá of destruí of susha durante añanan, Dios tin poder pa lant'e completamente di nobo, esey ta nifica cu Dios no ta recycle, pero e ta haci nos un persona nobo, cu un mente renoba cu ya no ta biba mas den nos pasado pero tin un conocimiento di nos Salvador, kende a duna nos un bida nobo den Dje.

Dios ta fiel y berdadero, ora tur hende core bay laga bo, Dios tey pa yudabo. Por ta bo a busca hopi salida, pero te ainda berguensa, y humiliacion, ta persigui bo, awel tin un caminda pa bo, cu lo hiba bo na un bida nobo, un caminda di claridad, y no di scuridat, bo no tin nada di paga, bo no tin di traha cita cu ningun hende, Dios t'ey pa bo tur momento, ningun hende lo husga bo pasobra Dios lo perdona bo, y E mes lo seca bo lagrima, locual nos ta skirbi bo, ta e formula pa bo sali for di gara di e enemigo, y tambe di biba bao di presion di hende. No tarda mas haci'e awe mes, pa e libertad di bo bida bo cas y bo famia.

Texas AG whistleblowers sue for wrongful firing, retaliation

(AP) — Texas Attorney General Ken Paxton abused his office to benefit himself, a woman with whom he was said to have had an affair and the wealthy donor who employs her before retaliating against the members of his staff who reported him to the FBI, a lawsuit by four of the Republican's former senior deputies claims.

The lawsuit adds to the deepening legal and political peril for the high-profile Texas official, who is facing calls for his resignation and a potential federal investigation over his staff's allegations that he committed bribery, abuse of office and other crimes. In September, top employees of Paxton's office reported him to federal authorities for alleged crimes they say he committed in assisting Austin real estate developer Nate Paul. Each of them has since resigned, been put on leave or been fired.

On Thursday, three of the lawyers who accused Paxton and the attorney general's former head of law enforcement sued, claiming Paxton ousted them as retaliation and then smeared them in the press and to lawmakers.

"Paxton responded to the report immediately and with ferocity, as though he was trying consciously to show Texans exactly what retaliation against whistleblowers looks like," states the com-

plaint filed in a Travis County court.

Paxton's office and a lawyer for Paul did not immediately respond to requests for comment Friday. The attorney general has broadly denied wrongdoing and cast blame on "rogue employees and their false allegations."

The lawsuit paints a picture of the struggle between Texas' top law enforcement official and the employees convinced he's been breaking the law. It presents four instances in which the whistleblowers allege Paxton abused his position to help Paul and offers details that raise new questions, including Paxton allegedly "routinely cycling through 'burner' cell phones."

Last year, the FBI raided Paul's home and offices as part of an investigation that's yet to result in any public charges.

The lawsuit says Paxton leaned on his deputies to green light the release to the developer's lawyers of state and federal records related to the searches. The whistleblowers, however, felt this would scuttle long-standing policies that exempt records tied to ongoing investigations from state public records law, "and likely spark innumerable lawsuits."

The lawsuit does not detail a theory of why Paxton would be helping Paul, who gave him a \$25,000 cam-

paign donation in 2018. But it does say the men had regular meetings this year, usually without Paxton's security detail and without marking the meetings on the attorney general's official schedule. Last week, Paul said in a deposition that Paxton recommended a woman for her job with the developer's company. Paxton acknowledged having an extramarital affair with the woman, then a Texas Senate aide, in 2018 but said he ended it, according to two people who said the attorney general informed them of the relationship.

Paxton has not denied the alleged affair nor responded to questions about it.

Paxton also directed his office to intervene in a civil case over a business dispute between Paul and an Austin charity, and ordered up a legal opinion that protected some of Paul's properties from being sold in foreclosure.

But the act that prompted Paxton's staff to report him was his hiring an outside lawyer to investigate Paul's claims that the FBI broke the law in searching of his home and offices. Paxton's staff concluded the allegations were outside their jurisdiction and unsupported by evidence, according to the complaint.

The outside lawyer obtained 39 grand jury subpoenas that were beyond "the appropriate scope" of the case, the complaint states. It says they appeared to be designed to aid Paul's various civil suits and "to harass law enforcement agents and federal prosecutors."

"Paxton and Paul were using their so-called 'special prosecutor' to bring the weight of the OAG to bear on Paul's enemies," the complaint states.

The lawsuit was brought by James Blake Brickman, David Maxwell, J. Mark Penley and Ryan Vassar. The first three were fired and Vassar was put on leave.

They are suing for reinstatement, lost wages and other damages. They've also asked local prosecutors to fine Paxton \$15,000 for each violation of the Texas Whistleblower Act.

Man testifies against alleged ringleader of mosque bombing

ST. PAUL, Minn. (AP) — One of two Illinois men who pleaded guilty to a 2017 bombing of a Minnesota mosque testified that the group's alleged ringleader timed the attack to precede early morning prayers and didn't tell the others what he was planning until they were nearing their target.

Michael McWhorter, 31, testified Thursday that once he learned of Michael Hari's plans, he did what Hari said because he feared he'd be shot if he didn't. Hari, 49, of Clarence, Illinois, is the only one of the three men accused in the attack to go to trial. He has pleaded not guilty to five federal charges, including civil rights and hate crimes, stemming from the Aug. 5, 2017, attack on the Dar al-Farooq Islamic Center in the Minneapolis suburb of Bloomington. No one was injured in the blast, but the building was damaged.

McWhorter and another man, 25-year-old Joe Morris, pleaded guilty to their roles in the bombing. Morris was also expected to testify. Hari's attorney, James Becker, told jurors that McWhorter and Morris have changed their stories and were testifying to try to get reduced sentences. They both face mandatory minimum sentences of 35 years in prison.

McWhorter testified that he was in financial trouble in the summer of 2017 when Hari offered him work in "security" for his company, Minnesota Public Radio News reported. In the days before the attack, McWhorter said he drove with Hari to a gun shop in Indiana, where Hari purchased black powder. McWhorter said that on Aug. 4, Hari told him to leave his cellphone at home and pack enough clothes for a month, and that "we were going to work."

McWhorter said Hari packed the car with assault rifles, a sledgehammer,

masks, gloves and equipment to jam cellphones or police radio signals. McWhorter testified that he, Hari and Morris drove about 500 miles (800 kilometers) to Minnesota using paper maps and avoiding toll roads to avoid being tracked.

Hari told the men that they were going to bomb a mosque when they were about an hour from their destination. McWhorter said that when they stopped for gas, Hari filled a plastic bottle with diesel fuel and gasoline.

Morris has admitted that he threw the container into the mosque after smashing a window. McWhorter said he lit the fuse on the pipe bomb and threw it inside. Prosecutors say the device contained about 10 pounds of black gunpowder and shook the building's cinder block walls.

McWhorter said Hari chose Dar Al Farooq because he thought investigators would not suspect someone from Illinois and Hari believed it was a "terrorist training school." Some young people from Minnesota who traveled to Syria to join the Islamic State group had worshipped at Dar al-Farooq, but mosque leaders were never accused of any wrongdoing.

It took seven months for the FBI to find the men. During that time, McWhorter said, Hari named their group the "White Rabbits" and recruited others. Hari gave them military ranks, calling himself "captain," and split them into "security" and "assault" teams. Hari gave them assault rifles, uniforms and patches, the Star Tribune reported. McWhorter said Hari spoke often about his hatred of Islam and Muslims. When the FBI started to close in, the men fled to the countryside, where they survived on vienna sausages and ditch water.

"I was scared, I didn't know what to do," McWhorter said.

Trump, stewing over election loss, silent as virus surges

(AP) — President Donald Trump has publicly disengaged from the battle against the coronavirus at a moment when the disease is tearing across the United States at an alarming pace.

Trump, fresh off his reelection loss to President-elect Joe Biden, remains angry that an announcement about progress in developing a vaccine for the disease came after Election Day. And aides say the president has shown little interest in the growing crisis even as new confirmed cases are skyrocketing and hospital intensive care units in parts of the country are nearing capacity.

Public health experts worry that Trump's refusal to take aggressive action on the pandemic or to coordinate with the Biden team during the final two months of his presidency will only worsen the effects of the virus and hinder the nation's ability to swiftly distribute a vaccine next year. The president's silence comes as numerous White House and campaign officials have tested positive for the virus in recent days.

White House chief of staff Mark Meadows tested positive last week after attending an election night party at the White House. Others at the party also have tested positive, including White House political director Brian Jack, former White House aide Healy Baumgardner and Trump campaign advisers David Bossie and Corey Lewandowski. Lewandowski said Thursday that he believes he contracted the virus in Philadelphia while assisting the president's election challenge there.

Trump's aggressive travel despite the virus has taken its toll on his protectors as well. The U.S. Secret Service is experiencing a significant number of cases, many believed to

be linked to his rallies in the closing days of the campaign, according to one official.

The White House coronavirus task force held its first post-election meeting Monday. Officials discussed the rising case numbers and the promise of a vaccine in development by Pfizer, and they recognized the service of Navy Rear Adm. John Polowczyk, a member of the task force who retired Monday.

But Trump, who does not take part in the task force meetings, remains preoccupied with last week's election results. He has yet to weigh in on the recent spike in virus cases that has state and local officials scrambling and hospitals concerned about their ability to treat those stricken.

With more than 100,000 new confirmed U.S. cases reported daily for more than a week, Trump has been more focused on tracking the rollout of a vaccine, which won't be widely available for months. He has fumed that Pfizer intentionally withheld an announcement about progress on its vaccine trial until after Election Day, according to a White House official who was not authorized to pub-

licly comment and spoke on condition of anonymity. Pfizer said it did not purposely withhold trial results.

Although the president has consistently played down the pandemic, which has killed more than 240,000 Americans and infected more than 10 million people in the U.S., public health experts expressed worry about Trump's silence on the troubling spike in cases, as well as his refusal to begin coordination on virus issues with Biden's transition team.

"It's a big problem," said Dr. Abraar Karan, a global health specialist at Brigham and Women's Hospital and Harvard Medical School. "The transition is not going to happen until January, and we are in a complete crisis right now. We already know where this is headed. ... It's not good enough to say we're going to wait until the next president to address this."

Meanwhile, state and local officials around the country are scrambling in the midst of mounting caseloads.

In New York, Gov. Andrew Cuomo has issued an order starting Friday for bars, restaurants and gyms to be closed by 10 p.m., and has set a cap of 10 people for private gatherings. In Illinois, public health officials asked employers to allow their personnel to work from home when possible and urged residents to stay at home as much as possible and skip nonessential travel.

In Iowa, Republican Gov. Kim Reynolds, who resisted

coronavirus restrictions, announced earlier this week that masks will now be required at indoor events of more than 25 people, and she banned outside events of 100 or more people unless all attendees wear masks.

Trump hasn't answered questions since before Election Day. That hasn't slowed his Twitter habit, but he's used it almost exclusively in recent days to rage over the election results and spread unsubstantiated allegations of voter fraud.

By late Thursday afternoon, Trump had tweeted or retweeted more than three dozen times that day. Just one was related to the virus — a retweet of a posting by Sen. David Perdue about Georgia receiving 2,000 vials of a new antibody treatment.

White House officials declined to comment Thursday on when Trump last engaged with members of the coronavirus task force but insisted he remains focused on the pandemic.

"The president is regularly briefed about the coronavirus," said White House spokesperson Sarah Matthews. "The relevant information is brought to him on the big decisions, and then he moves forward in the way that's best for our country." On Friday, Trump was getting an update on Operation Warp Speed, the multi-agency effort to get a vaccine to market as speedily and safely as possible.

In the closing days of the campaign, Trump sought to reassure Americans that the country was "rounding the

corner" on the virus, and he wrongly predicted that Democrats' focus on the disease would go away right after the election. The president pushed a sunny public tone even after he tested positive for the virus in early October and was hospitalized for three days. His wife, Melania, and teenage son, Barron, also contracted the virus. Biden, for his part, largely framed the election as a referendum on Trump's handling of the pandemic. He has made addressing the virus his top priority as he moves forward with his transition. He spoke by phone Thursday with House Speaker Nancy Pelosi and Senate Minority Leader Chuck Schumer about the intensifying pandemic and prospects for passage of a COVID-19 relief bill in the lame duck session of Congress.

Incoming White House chief of staff Ron Klain said Biden will appoint a "COVID coordinator" who will lead the administration's pandemic response. Klain, speaking on MSNBC Thursday night, said the individual will have "direct access" to the president and will brief him daily on the pandemic. A team of people underneath the coordinator will supervise vaccine distribution, address supply chain disruptions and improve access to testing.

Lawrence Gostin, a public health expert at Georgetown University's law school, said Biden will only be able to "scratch the surface" of tackling a pandemic that could be a "raging forest fire" by the time he takes office on Jan. 20.

He added that even the good news on Pfizer's development of a vaccine that showed 90% efficacy in early trial results could be diminished if Trump doesn't begin coordination efforts with Biden's team on how to roll out the vaccine. Some public health experts believe the task of persuading Americans to take the vaccine and widely distributing it could be as complicated as the vaccine's development.

"I fear the next three months ahead could be the worst we've faced during the pandemic," Gostin said. "America is like a ship at storm, and the captain has decided to go play golf."

Cyprus, Israel, Greece agree to boost defense cooperation

(AP) — The defense ministers of Greece, Israel and Cyprus agreed Thursday to step up military cooperation they said will keep their armed forces better prepared, help create more jobs and bolster security in a fraught region.

Israeli Defense Minister Benny Gantz said it was agreed during talks in Nicosia to “promote large-scale industry cooperation that will bolster our defense abilities and create thousands of jobs for all three economies.”

The three countries have

forged close ties amid regional tension in the Eastern Mediterranean over offshore gas exploitation rights, and are partners in a project to bring gas from fields in Israeli and potentially other nations’ waters through an undersea pipeline to Europe’s mainland.

Greece’s Nikolaos Panagiotopoulos said Greek, Israeli and Cypriot armed forces are working to operate together more effectively through joint training programs, intelligence sharing and cybersecurity.

Panagiotopoulos and Cyprus’

Charalambos Petrides said the three countries are looking to expand their partnership to include other countries such as the U.S. whose

presence in the eastern Mediterranean the Greek minister said “is of particular importance” for regional stability. Greece and Cyprus are em-

broiled in a dispute with Turkey which has sent gas prospecting vessels into waters claimed by Greece and drilling ships into an area where Cyprus claims exclusive rights. The tension brought NATO allies Greece and Turkey close to open conflict in the summer and autumn but has since subsided.

Turkey insists that it’s fully within its rights to carry out such prospecting in those waters. It also claims to defend the rights of breakaway Turkish Cypriots to energy reserves around war-divided Cyprus.

2 Oklahoma lawmakers confirm positive tests for coronavirus

(AP) — Two members of the Oklahoma House of Representatives confirmed Friday they have tested positive for the coronavirus, just days after a swearing-in ceremony at the Capitol in which many lawmakers and their families weren’t wearing masks or practicing social distancing.

Republican state Reps. Kevin Wallace of Wellston and Tammy Townley of Ardmore both confirmed in statements to The Associated Press that they have tested positive.

Wallace said he tested positive before Wednesday’s swearing-in ceremony and took his oath privately, without any other members present.

“The Oklahoma State Department of Health has been working on trace back,” Wal-

lace said in a statement. “I am still asymptomatic and quarantining.”

Townley tested positive after participating in the ceremony, during which many members and their families didn’t wear masks and violated social distancing guidelines. Townley said she had previously tested positive for COVID-19 antibodies this

summer and said she had “zero reason” to believe she was a transmission risk.

“I was very surprised to have a positive result, given my prior positive test for antibodies,” she said. “I immediately notified House leadership and am participating in contact tracing efforts.” There’s evidence that reinfection is unlikely for at least

three months even for people who had a mild case of COVID-19, but there’s still a lot about the coronavirus that scientists don’t know.

House Democratic leader Rep. Emily Virgin said all of the House Democrats wore masks during Wednesday’s events and she’s disappointed that some of her Republican colleagues won’t follow guidelines recommended by health officials.

“As legislators, I feel like it’s our duty to set a good example. Instead, some of my colleagues continue this narrative that wearing masks is some kind of political statement, when that is a very dangerous narrative for them to continue,” she said.

Wallace and Townley are the sixth and seventh state lawmakers to confirm publicly they have tested positive for the coronavirus. Two state

senators and three House members previously confirmed positive tests. Oklahoma Republican Gov. Kevin Stitt in July became the first governor nationwide known to have tested positive.

The Senate on Friday announced it was canceling its ceremonial swearing-in that was scheduled for Monday at the Oklahoma History Center and limiting attendance at the official swearing-in inside the Senate chamber.

Outbreaks at other state legislatures have caused cancellations or delays of legislative work, including in Mississippi, where dozens of lawmakers tested positive, California and Michigan.

At least 173 legislators in 40 states have contracted coronavirus, including four who have died, according to a tally by The Associated Press.

Suspected French church attacker carried killer's photo

(AP) — The suspected Tunisian assailant in an Islamic extremist knife attack that killed three people in a French church had a photograph in one of his cellphones of the perpetrator of another attack that shocked France: the killing of a schoolteacher who was beheaded after he showed caricatures of the prophet of Islam to his class, anti-terror prosecutors said Friday.

Also found in the phones of the 21-year-old arrested after the Oct. 29 church attack in Nice was an audio message

that described France as a “country of unbelievers” and photos relating to the Islamic State group, the national anti-terror prosecutors’ office said.

The prosecutors’ office said one of the photos showed Abdoullakh Anzorov, the Chechen refugee identified as the killer of teacher Samuel Paty. Paty was beheaded Oct. 16 outside his Paris-region school after showing caricatures of the Prophet Muhammad during a class debate on free expression.

But investigators have as yet

been unable to interview the suspected church attacker, previously identified as Ibrahim Issaoui, because he remains in serious condition in a Paris-region hospital, the prosecutors’ office said a statement. He suffered life-threatening wounds during his arrest. He has also tested positive for the coronavirus, the statement said.

The prosecutors’ office said it opened a formal investigation Friday on terrorism charges that will enable investigators to keep probing whether the suspected attacker had any accomplices in France,

Tunisia or Italy. He traveled through Italy before reaching Nice less than 48 hours be-

fore the attack in the Mediterranean city’s Notre Dame Basilica.

Outrage in Belarus, EU after opposition supporter death

(AP) — Thousands of people rallied in Belarus on Friday following the death of a 31-year-old opposition supporter who reportedly was beaten by security forces, and the European Union condemned the violent crackdown that Belarusian authorities have continued to enforce against peaceful protesters.

The man's death on Thursday came after more than three months of mass anti-government protests that were sparked by official election results that gave authoritarian President Alexander Lukashenko a sixth term in office. Opposition leaders and some poll workers say the results were manipulated, and protesters have been calling for Lukashenko's resignation. More than 17,000 people have been detained

— thousands of them brutally beaten — since the Aug. 9 presidential election in Belarus, human rights advocates have reported. Thousands of people carrying flowers and candles formed human chains of solidarity in several Belarus cities, including the capital, Minsk, to honor the late op-

position supporter, Raman Bandarenka, who died at a Minsk hospital after several hours of surgery for serious injuries. Some of the banners the demonstrators held said, "Stop killing us."

Bandarenka was detained in a Minsk courtyard on Wednesday by unidentified men, "most likely, plainclothes policemen," who went there to remove red and white ribbons — a symbol of the protests in Belarus, leader of the Viasna human rights center Ales Bialiatsky said. They handed him over to police officers and Bandarenka was brutally beaten inside a van, Bialiatsky said in a statement. "As a result, Raman sustained a severe head injury and in grave condition was brought to the police (department). An ambulance wasn't called for two more hours. The doctors were unable to save Raman Bandarenka's life," Bialiatsky said, calling for a criminal investigation to hold those responsible for Bandarenka's death accountable.

Belarusian authorities have confirmed that Bandarenka was brought to the hospital from a police department in Minsk but denied responsibility for his death. Police maintained he was injured in a street fight. Belarus' Investigative Committee said Bandarenka also displayed signs of "alcohol intoxication." An inquiry has been launched. Bandarenka's death elicited outrage both in Belarus and abroad. The European Union condemned the violence.

"This is an outrageous and shameful result of the actions by the Belarusian authorities, who have not only directly and violently carried out repression of their own population, but also created an environment whereby such

lawless, violent acts can take place," Peter Stano, the EU's spokesman for foreign affairs and security policy, said in a statement. Stano accused Lukashenko's government of "ignoring not only the fundamental rights and freedoms of the Belarusian people, but also disregarding their lives."

German Foreign Ministry spokesman Christofer Burger called the incident "dismaying," and said that "the scale of state violence and repression in Belarus is shocking." Rupert Colville, the spokesman for the U.N. High Commissioner for Human Rights, also expressed concern "as the Belarusian government continues to wield the machinery of the state to commit human rights violations." Opposition leader Sviatlana Tsikhanouskaya, who challenged Lukashenko in August's presidential election and received the second-most votes, called Bandarenka "a hero" and "an innocent victim of an inhumane system."

"The man was killed because he wanted to live in a free country," Tsikhanouskaya, who is currently in exile in Lithuania, said in a video statement Friday. "But we will never obey those who are ready to kill us."

In an interview with state media on Friday, Lukashenko offered condolences to Bandarenka's parents and said he told the head of the Investigative Committee that the death needs to be "fairly and objectively" investigated. Belarus' leader said he ordered the prosecutor general to take the investigation "under the most serious control," because "everyone started to blame the police."

Lukashenko also renewed his stance that the ongoing unrest is illegitimate. He likened it to the so-called "color

revolutions" that overthrew leaders in other post-Soviet countries.

"We unequivocally assess the events taking place in the country after the elections as an attempt at an unconstitutional coup on the patterns of, as they say now, color revolutions," he said. "Any color revolution makes the state weaker and the people poorer. A total of four people, including Bandarenka, are reported to have died since the protests began in August as the result of the crackdown on demonstrators and opposition supporters. No criminal probes have been launched into the deaths."

The Investigative Committee on Friday has halted an inquiry into the death of Alexander Taraikovsky, a protester who died on Aug. 10. The government maintains he was killed by an explosive device that blew up in his hands, but his partner believed he was shot by police. Video shot by an Associated Press journalist shows Taraikovsky with a bloodied shirt before collapsing on the ground. Several police are seen nearby and some walk over to where Taraikovsky is lying on the street and stand around him. The video doesn't show why he fell to the ground or how his shirt became bloodied, but it also doesn't show that he had an explosive device that blew up in his hand, as the government has said.

The EU already has imposed sanctions on Lukashenko and several dozen officials over their role in the security crackdown launched after the contested election. Stano said Friday that the 27-nation bloc "stands ready to impose additional sanctions."

In a separate video message, European Commission President Ursula von der Leyen said that EU member states have asked the bloc's executive to prepare a plan of economic support for Belarus. "The European Union stands ready to mobilize all its economic means to support and accompany democratic change," she said. "Europe's economic influence is immense. It's up to us to make a more strategic use of our economic clout. It's up to us to take clear our positions and to enforce them with stronger actions."

Iran passes grim milestone of 40,000 deaths from coronavirus

(AP) — Iran on Thursday passed the grim milestone of 40,000 coronavirus deaths, with the latest 10,000 added in less than a month, as the country struggles to contain its most widespread wave of infection yet.

The Iranian health ministry announced 457 new fatalities on Thursday, along with 117,517 new infections, pushing the total case count past 726,000, although officials have warned that's a significant undercount.

The death toll has soared in recent weeks, shattering records in the nation that for months has suffered the worst outbreak in the Middle East.

Nearly half of Iran's coronavirus deaths are recorded in the capital of Tehran, according to health officials, where medical workers have warned that the health system may soon be overwhelmed and demanded a strict month-long lockdown in all provincial capitals to slow the

virus' spread.

But the government has resisted shutting down the country, desperate to salvage an economy cratered by unprecedented American sanctions that effectively bar Iran from selling its oil internationally. The Trump administration reimposed sanctions in 2018 after withdrawing from Tehran's nuclear deal with world powers.

Earlier this week, authorities ordered a month-long nightly business curfew in Tehran and 30 other major cities and towns, asking nonessential shops to keep their workers home. Still, enforcement in the sprawling metropolis remains a challenge.

As deaths continue to surge with no end in sight, authorities have come under pressure. The national coronavirus task force will consider a two-week nationwide lockdown proposal this weekend, Deputy Health Minister Qassem Janbabaie told the semi-official Tasnim news agency.

Breakthrough for women: Miami Marlins hire Kim Ng as GM

(AP) — Kim Ng started her Major League Baseball career as an intern, and three decades later she's still on the rise while shattering ceilings.

Ng became the majors' highest-ranking woman in baseball operations when she was hired Friday as general manager of the Miami Marlins. She is believed to be the first female GM in a major professional sport in North America, the Marlins said. "I think this is the most noteworthy day for baseball since Jackie Robinson broke the color barrier in 1947," said Richard Lapchick, an expert on race and gender in sports at the University of Central Florida.

Ng (pronounced Ang) won three World Series rings while spending 21 years in the front offices of the Chicago White Sox (1990-96), New York Yankees (1998-2001) and Los Angeles Dodgers (2002-11). She spent the past nine years with MLB as a senior vice president.

"After decades of determination, it is the honor of my career to lead the Miami Marlins," Ng said in a statement. "When I got into this business, it seemed unlikely a woman would lead a major league team, but I am dogged in the pursuit of my goals. My goal is now to bring championship baseball to Miami." Marlins CEO Derek Jeter played for the Yankees when Ng worked for them.

"We look forward to Kim bringing a wealth of knowledge and championship-level experience to the Miami Marlins," Jeter said in a statement. "Her leadership of our baseball operations team will play a major role on our path toward sustained success. Additionally, her extensive work in expanding youth baseball and softball initiatives will enhance our efforts to grow the game among our local youth as we continue to make a positive impact on the South Florida community."

Jeter became baseball's first Black CEO after his group bought the Marlins in 2017. He then hired Caroline O'Connor, who as senior vice president is one of the highest ranking women in professional sports.

Ng, 51, is also a groundbreaking Asian American. She joins at the top ranks of her profession the San Francisco Giants' president of baseball operations, Farhan Zaidi. She becomes the fifth person to hold the Marlins' top position in baseball operations and

succeeds Michael Hill, who was not retained after the 2020 season.

A virtual news conference for Ng is planned for Monday.

"All of us at Major League Baseball are thrilled for Kim and the opportunity she has earned with the Marlins," baseball Commissioner Rob Manfred said in a statement. "Kim's appointment makes history in all of professional sports and sets a significant example for the millions of women and girls who love baseball and softball. The hard work, leadership, and record of achievement throughout her long career in the national pastime led to this outcome."

The Miami Dolphins' Brian Flores, one of four head coaches of color in the NFL, was among those to applaud Ng's hiring.

"It's phenomenal," Flores said. "Anyone who thinks a woman can't manage or coach or lead, I think, is silly. Kudos to the Marlins."

Marlins shortstop Miguel Rojas offered Ng a virtual fist bump on Twitter.

"I am proud of the Marlins for this hiring," Rojas said in a statement. "It is a special day."

Ng joins a long-suffering franchise that achieved surprising progress in Year 3 of Jeter's rebuilding effort, reaching the playoffs for the first time since 2003 and sweeping the Chicago Cubs in the wild-card round. The Marlins were swept by the Atlanta Braves in the National League Division Series.

Ng started her baseball career as a White Sox intern and rose to become assistant director of baseball operations. She worked for the American League for one year and then joined the Yankees, becoming the youngest assistant general manager in MLB at 29, and only the second woman to attain that position with a major league club. She was the Dodgers' vice president and assistant general manager.

"It is wonderful seeing people accomplish their stated goals, and this has been a dream of hers for as long as I've known her," Yankees general manager Brian Cashman said in a statement. "She will provide the Marlins with vast experience and institutional knowledge, along with a calm demeanor and an amazing ability to connect with others."

In Ng's most recent job with Major League Baseball, she directed international baseball operations, working with the front offices of the major league clubs and many other baseball leagues and entities around the world. She led a team that set policy for and enforced international signing rules, established MLB's first system for registering international players for signing, managed protocols for signing international players, and negotiated agreements with international winter leagues.

Ng graduated from the University of Chicago, where she played softball and earned a degree in public policy. Jean Afterman, who has been the Yankees' assistant GM since succeeding Ng nearly 20 years ago, said her predecessor possesses talents that are gender-blind.

"It is a tremendous achievement to be the first female GM in Major League Baseball, and I hope young girls (and boys) take notice of this and further understand that there are no limits to their dreams," Afterman said in a written statement. "I congratulate the Marlins — that after a remarkable season, during extraordinary times — they have broken a barrier that needed shattering."

Steelers expect Roethlisberger to play against Bengals

(AP) — The unbeaten Pittsburgh Steelers expect to have quarterback Ben Roethlisberger available when they host the Cincinnati Bengals on Sunday.

Roethlisberger is one of four Steelers who have spent the week in self-quarantine as part of the NFL's COVID-19 protocols. Roethlisberger, linebacker Vince Williams, running back Jaylen Samuels and offensive lineman Jerald Hawkins all participated virtually this week due to contact tracing after tight end Vance McDonald tested positive for the coronavirus.

While McDonald is definitely out, Roethlisberger and the others practicing virtually

will be OK to play provided they continue to test negative for COVID-19.

Head coach Mike Tomlin said Friday he anticipates Roethlisberger to be cleared in time for what Tomlin described as an extended walk-through practice on Saturday. "(We) just want him to have an in-helmet perspective in terms of situational things, to put the finishing touches on our work, to allow him to work with the eligibles that he will work with in game, to have any necessary informal conversations that allow us to have a level of comfort as we push into play," Tomlin said.

Tomlin believes Williams will also be able to slide back into his starting role despite

not participating in practice this week. Recently acquired Avery Williamson has filled in for Williams during the week, though Tomlin left little doubt as to who will get the majority of the snaps.

"I'm extremely comfortable in (Williams') body of work and level of preparedness that he can work much the same as Ben," Tomlin said.

The Steelers could also have defensive tackle Tyson Alualu back after he missed most of the last two games with a left knee injury. Alualu practiced on Friday and is on track to help out a run defense that has struggled in his absence. Cornerback Mike Hilton's shoulder, however, continues to be an issue. It appears he

could miss a fourth straight game. And it's not clear whether rookie running back Anthony McFarland Jr. and rookie offensive tackle Kev-

in Dotson will be available. Both were away from the facility on Friday due to an illness that Tomlin said was not COVID-19.

Crawford returns to ring in title defense against Brook

(AP) — Terence Crawford has long held a spot in the mythical pound-for-pound ratings that boxing people like to argue about when all the fights are done for the day.

What Crawford is still waiting on is the one signature fight that will put an end to all those arguments.

Crawford won't get that Saturday night when he defends his piece of the welterweight title against England's Kell Brooks. But he figures to get a stiff challenge — along with a measuring stick of the state of his many talents — when he takes on the former champion in a fight that is both risky and needed for Crawford.

“I've always felt that I'm No. 1 pound-for-pound in the world,” Crawford said this week. “This is what I do.”

Crawford returns to the ring for the first time in nearly a year in a scheduled 12-round fight from the Top Rank bubble at the MGM Grand hotel. The fight will be televised on ESPN, with the card starting at 10 p.m.

For Crawford it's both a chance to get back in the ring again and to make a statement. At the age of 33 he still is in his prime but he has yet to fight the big bout that

could end up defining his career. Promoter Bob Arum says that could come next spring with a possible fight against Manny Pacquiao in Qatar, something Arum said he has been pursuing even though he doesn't promote Pacquiao.

“I'm optimistic that if Terence wins, we can put the fight on and if Terence doesn't win

and Kell Brook wins, maybe I'll make Kell Brook with Manny,” Arum said.

Crawford, who has never been beaten in 36 fights, has had more success inside the ring than he has in creating a buzz outside of it. His skills are excellent, and he has power, but his subdued personality and the fact he lives and trains in Omaha, Ne-

braska, has made it difficult for him to become a breakout star. Meanwhile, one of the other fighters who can claim pound-for-pound status, Errol Spence Jr., holds other pieces of the 147-pound title and is scheduled to defend his belts Dec. 5 against Danny Garcia in Texas. A bout between the two unbeaten title holders could be difficult to

make since they are with different promoters and would likely have to wait until more fans are let in to happen.

Crawford is a huge favorite in Las Vegas sports books to beat Brook, who is coming down from his recent weight of 154 pounds to challenge Crawford. Brook (39-2, 27 knockouts) is a former 147-pound champion whose only losses are to Spence and middleweight titlist Gennadiy Golovkin.

“I think Terence knows I'm not an easy fight,” Brook said. “I want him to bring the best out of me. I'm pushing myself to perform the best I can.”

Brook, who fought at 160 pounds when he was stopped in the fifth round by Golovkin in 2016, said he started losing weight early for this fight so he wouldn't have to starve himself late. But there are questions not only about him coming down in weight but also the wear and tear he's had in his years in the ring.

At the age of 34 it could be his final hurrah if he can't come up with the performance of a lifetime against Crawford.

“I'm in the best condition of my life, and I'm ready to become a two-time champion,” Brook said. “I'm like fine wine. I'm getting better as I get older. I'm ready.”

Extra hurdles not keeping Kendricks from improving for Vikes

(AP) — Two friends of Eric Kendricks — fellow standouts on the Minnesota Vikings' defense — are done for the season with injuries. The sixth-year linebacker has a host of under-25 players behind him in the secondary.

The extra hurdles haven't kept Kendricks from again performing at the All-Pro level he established last season. Just ask one of his big-

gest fans, a Vikings teammate on the other side of the ball.

“When my boys, Cooper and Turner, are old enough, I'm going to get them Eric Kendricks jerseys because he's the player I want my kids to wear the jersey of,” quarterback Kirk Cousins said. “I just think he's as good of a linebacker as there is in the league, the way he can cover a Davante Adams down the middle of the field and also take on a pulling guard. To be

that versatile and that athletic, it's special. It's something I see every day in practice every day.”

Cousins offered this praise after the Vikings turned around their season with a victory at Green Bay on Nov. 1. Kendricks was all over the field in that game as usual, with his highlight coming in the third quarter when a wrinkle in the pass coverage had him matched up with Adams. He matched the star wide receiver stride for stride and stuck his arm out at just the right second to deflect the ball for an incompletion at the 15-yard line.

Last week against Detroit, with the Vikings again trying to maintain a lead in the third quarter, Kendricks stayed in step with tight end T.J. Hockenson during a double move in the back of the end zone that allowed him to dart in front of the pass and prevent a touchdown with an interception.

“I do know teams account for

him,” coach Mike Zimmer said. “Talking to people after games, they say how much they had to pay attention to where he was at. I don't know if it's a specific thing that they're not specifically throwing at Kendricks, but when he's in position and in good coverage and where he's supposed to be, these quarterbacks aren't going to throw it in coverage very often.” Kendricks is third in the NFL with 84 total tackles. He has three passes defended. With linebacker Anthony Barr and defensive end Danielle Hunter missing, Kendricks has been as vital as ever for this young Vikings defense. Zimmer has tried not to saddle him with additional responsibility, but there's been no hiding his outsized role. “He's one of those guys who's better when he can just go and play football, I think, but he anticipates things so well, and that allows him to play fast and make plays,” Zimmer said.

Having Eric Wilson thrive as Barr's replacement has certainly helped, but this is nowhere near the same group that has ranked among the league leaders for most of his career.

“The people who have been on the squad and on the defense, we've all had to step up,” Kendricks said. “Guys like Danielle and Anthony, you can't replace those guys, but you can have other people step up in their own way. Everyone is embracing their job. It's not going to be easy, but everyone has to do better.” Kendricks, who has missed only six games in six seasons since being drafted in the second round out of UCLA, sets quite the example. Co-defensive coordinator and linebackers coach Adam Zimmer said he believes Kendricks is playing even better than last year.

“I think he's playing the best ‘Mike’ linebacker in the NFL right now,” Zimmer said.
